ASSISTANT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

PERMIT

The right herein granted is limited to the amount of water which can be applied to beneficial use or source of appropriation, or its equivalent in case of rotation with other water users, from ...a well The use to which this water is to be applied is supplemental irrigation or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed ......... acre feet per acre for each acre irrigated during the irrigation season of each year; ...provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn. The priority date of this permit is \_\_\_\_\_\_October 7, 1968 Actual construction work shall begin on or before \_\_\_\_\_January 20, 1970 \_\_\_\_\_ and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.70...... Complete application of the water to the proposed use shall be made on or before October 1, 19.74... WITNESS my hand this 20th day of January STATE ENGINEER
