CERTIFICATE NO. 42431

Permit No. G-**G 4248**

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

I, Jasper E. Myers (Name of applicant)

of Rt. 2 Heppner, county of Morrow
(Postoffice Address)

state of _____, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Little Butter Creek
(Name of stream)

tributary of Columbia River

2. The amount of water which the applicant intends to apply to beneficial use is _____ cubic feet per second or 3,000 gallons per minute.

3. The use to which the water is to be applied is Sprinkler Irrigation for Alfalfa grass and range grasses

4. The well or other source is located 2440 ft. South and 2100 ft. West from the NE corner of Section Twenty-one (21)
(N. or S.) (E. or W.)
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the SW 1/4 of NE 1/4 of Sec. 21, Twp. 1N, R. 27E, W. M., in the county of Morrow

5. The Pipeline (Canal or pipe line) to be 1 1/4 miles in length, terminating in the North 1/2 of Sec. 16, Twp. 1N, R. 27E, W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is Jasper Myers Well

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

Sixteen inch water well to sprinkler irrigate applicant's land in Sections 21 and 16 in Township 1 North, Range 27, E.W.M., and supply supplemental water for attached water right.

8. The development will consist of one well having a diameter of 16 inches and an estimated depth of 400 feet. It is estimated that 40 feet of the well will require steel casing. Depth to water table is estimated 40
(Kind) (Feet)

Supplementary Water Applied for:

STATE OF OREGON, } PERMIT
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 5.70 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is July 24, 1968

Actual construction work shall begin on or before March 11, 1970 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1970

Complete application of the water to the proposed use shall be made on or before October 1, 1971

WITNESS my hand this 11th day of March, 1969

Chris L. Wheeler
