STATE ENGINEER

SALEM. OREGON

Larry W Jebousek

ASSISTANT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and source of appropriation, or its equivalent in case of rotation with other water users, from .two sump wells The use to which this water is to be applied is irrigation, temperature control, and harvesting, being 0.13 cfs for irrigation, 0.78 cfs for temperature control, 0.09 cfs for harvesting from sump No. 1, 0,04 cfs for irrigation, 0.26 cfs for temperature control. 0.26 cfs for harvesting from sump No. 2 or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2\frac{1}{2}...... acre feet per acre for each acre irrigated during the irrigation season of each year; The permittee shall record and submit annually to the State Engineer all pertinent data pertaining to use of water for temperature control on forms furnished. and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn. The priority date of this permit is ______ December 26, 1969 Actual construction work shall begin on or beforeJuly 13, 1971 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.71 Complete application of the water to the proposed use shall be made on or before October 1, 19.72.... WITNESS my hand this 13th day of July STATE ENGINEER STATE ENGINEER APPROPRIATE THE GROUND WATERS OF THE STATE
