

Permit No. G- G 5411

APPLICATION FOR A PERMIT

ASSIGNED, See Misc. Rec., Vol. 6 Page (37. CERTIFICATE NO. 49492

To Appropriate the Ground Waters of the State of Oregon

I, WILLIAM CARR (Name of applicant)
of 3508 S.E. ROSWELL, MILWAUKIE county of CLACKAMAS
state of
If the applicant is a corporation, give date and place of incorporation
1. Give name of nearest stream to which the well, tunnel or other source of water development is
situated UNNAMED STREAM (Name of stream)
tributary of ABERNATHY CREEK
2. The amount of water which the applicant intends to apply to beneficial use is gallons per minute.
3. The use to which the water is to be applied is RRIGATION
4. The well or other source is located ft and ft from the corner of S 59°/5′E - 1768 FEET FROM THE N.W. CORNER OF (Section or subdivision) SECTION 7, T. 35-R. 3E (It preferable, give distance and bearing to section corner)
(ir preserable, give distance and bearing to section corner)
(If there is more than one well, each must be described. Use separate sheet if necessary) being within the NE/4 NW/4 of Sec
5. The to be miles
in length, terminating in the
R
6. The name of the well or other works is .
DESCRIPTION OF WORKS
7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.
8. The development will consist of having a having a
diameter of
feet of the well will require

feet; width on bottom feet; depth of water fine) feet; width on bottom feet; depth of water feet; depth of water feet; width on bottom feet; depth of water feet; depth of water feet; depth of water feet; depth of pipe, feet; fall per one thousand feet. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceedQ.13.......cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from .a. well..... The use to which this water is to be applied is ____irrigation_ or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed . 23 acre feet per acre for each acre irrigated during the irrigation season of each year; and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn. The priority date of this permit isJuly 27, 1971 Actual construction work shall begin on or before _______ February_21, 1976_____ and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.76..... Complete application of the water to the proposed use shall be made on or before October 1, 1977.... WITNESS my hand this21st... day of ... STATE ENGINEER office of the State Engineer at Salem, Oregon TO APPROPRIATE THE GROUNI WATERS OF THE STATE Ground Water Permits on page .. 🕞 Application No. G-55 OF OREGON This instrument was firs Recorded in book No. applicant Basin No. Permit No. G-. i CHRIS 2 Returned
