STATE ENGINEER

Permit No. G-546

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

I, Edsel W. Chase
(Name of applicant)

of Route 2, Box 242, Eugene, Oregon, county of Lane
(Residence Address)

state of Oregon, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated McKenzie
(Name of stream)

tributary of Willamette

2. The amount of water which the applicant intends to apply to beneficial use is .238 cubic feet per second or _____ gallons per minute.

3. The use to which the water is to be applied is irrigation of sannery and orchard crops.

4. The well or other source is located 1032.5 ft. S. and 571.5 ft. W. from the north east corner of Wm. Stevens D.L.C. #46
(N. or S.) (E. or W.) (Section or subdivision)

(If preferable, give distance and bearing to section corner)

If there is more than one well each must be described. Use separate sheet if necessary

being within the XXX N.E. 1/4, N.E. 1/4 of Sec. 22, Twp. 17S., R. 3W. W. M. in the county of Lane

5. The pipe line (portable) _____ to be .081 miles
(Canal or pipe line)
in length terminating in the XXX, N.E. 1/4, N.E. 1/4 of Sec. 22, Twp. 17S.
(Smallest legal subdivision)

R. E3 W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is no name

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply, when not in use must be described.

8. The development will consist of one well having a diameter of 6 inches and an estimated depth of 30 feet. It is estimated that 30 feet of the well will require steel casing. Depth to water table is estimated 14 ft.
(Kind) (Feet)

MUNICIPAL SUPPLY—

13. To supply the city of _____
in _____ county, having a present population of _____
and an estimated population of _____ in 19 _____

14. Estimated cost of proposed works, \$ 3,000 _____

15. Construction work will begin on or before May 15, 1957 _____

16. Construction work will be completed on or before July 1, 1957 _____

17. The water will be completely applied to the proposed use on or before Sept. 1, 1957 _____

18. If the ground water supply is supplemental to an existing water supply, identify any appli-
cation for permit, permit, certificate or adjudicated right to appropriate water, made or held by the
applicant. _____

Edsel W. Chase
(Signature of applicant)

Remarks: _____

STATE OF OREGON, }
County of Marion. } ss.

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data and return the same for _____ completion _____

In order to retain its priority, this application must be returned to the State Engineer, with correc-
tion on or before July 16, 19 57.

WITNESS my hand this 16th day of May, 19 57.

LEWIS A. STANLEY
By *James W. Carver, Jr.* STATE ENGINEER
Assistant

STATE OF OREGON,

PERMIT

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.24 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/60 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is May 10, 1957

Actual construction work shall begin on or before May 21, 1958 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1958

Complete application of the water to the proposed use shall be made on or before October 1, 1959

WITNESS my hand this 21st day of May, 1957
