PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial uses
and shall not exceed 1.34 cubic feet per second measured at the point of diversion from the well
or source of appropriation, or its equivalent in case of rotation with other water users, from 7 wells
being 0.085 cfs from each of Wells 5, 6, 7, and 8 for supplemental irrigation and
0.143 cfs from each of 7 wells for temperature control.

The use to which this water is to be applied is supplemental irrigation and temperature
control.

If for irrigation, this appropriation shall be limited to 1/30th of one cubic foot per second
or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2
acre feet per acre for each acre irrigated during the irrigation season of each year; provided further
that the right allowed herein shall be limited to any deficiency in the available
supply of any prior right existing for the same land and shall not exceed the
limitation allowed herein.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian
the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring
line, adequate to determine water level elevation in the well at all times.

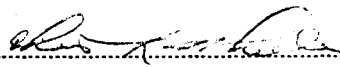

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and
shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is December 8, 1970

Actual construction work shall begin on or before June 12, 1976 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1976

Complete application of the water to the proposed use shall be made on or before October 1, 1977.

WITNESS my hand this 12th day of June, 1975.
