Permit No. G. 675

APPLICATION FOR A PERMIT

To Appropriate the Ground Waters of the State of Oregon

1. Richard A. Fowler
of Rt#1 Pendleton country of Umatilla
state of, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:
If the applicant is a corporation, give date and place of incorporation
NONE
1. Give name of neares, stream to which the well, tunnel or other source of water development is
situated Umatilla River (Name of stream)
tributary of Columbia River
2. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or gallons per minute.
3. The use to which the water is to be applied is 1 xx 19 2 Tien
4. The well or other source is located ft. and ft. from the
corner of
(Bection or subdivision) 2757' N 58.25° W of 16 Section Covery (marked by 14" Iron (H preferable, give distance and bearing to section corner)
(If preferable, give distance and bearing to section corner) PIPC WITH DE COP COMMON to Sec. 20 t 21 (If there is more than one well, each must be described. Use separate sheet if necessary)
being within the S.W. 4 of the S.E. 4 of Sec. 17 Twp. 2 N., R. 34 E.,
W. M., in the country of Um atilla
5. The
in length, terminating in the
R, W. M., the proposed location being shown throughout on the accompanying map.
$TI = I \times I$
6. The name of the well or other works is / NE Fowler Well
DESCRIPTION OF WORKS
7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.
•••••
·
8. The development will consist of One well, tunnels, etc.) having a
diameter of 10 inches and an estimated depth of 300 feet. It is estimated that 32
feet of the well will require Stee casing. Depth to water table is estimated 24
