CERTIFICATE NO. 50657

Permit No. G-1 7252

APPLICATION FOR A PERMIT

To appropriate the Ground Waters of the State of Oregon

I, Leo J. Garre (Name of applicant)
of 2512 N. Holly Canby Ore, county of Clack
(Postoffice Address) 97013, do hereby make application for a permit to appropriate the following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is situated Molla River (Name of stream)

tributary of Willamette

2. The amount of water which the applicant intends to apply to beneficial use is 0.65 cubic feet per second or being 0.12 cfs for irrigation & 0.53 cfs for comm. gallons per minute.

3. The use to which the water is to be applied is irrigation & domestic in house, & compressed, used (Pumps)

4. The well or other source is located 1620 ft. S and 132 ft. E from the NW corner of Sec. 28 T 35, R 1E (Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)
being within the SE 1/4 NW 1/4 of Sec. 28, Twp. 35, R. 1E, W. M., in the county of Clackamas

5. The pipe line (Canal or pipe line) to be 960 miles in length, terminating in the SE 1/4 NW 1/4 (Smallest legal subdivision) of Sec. 28, Twp. 35, R. 1E, W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is Jeanne Jeanne well

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

8. The development will consist of one well (Give number of wells, tunnels, etc.) having a diameter of 12 inches and an estimated depth of 190 feet. It is estimated that 170 feet of the well will require steel (Kind) casing. Depth to water table is estimated 50 (Feet)

MUNICIPAL SUPPLY—

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

ANSWER QUESTIONS 14, 15, 16, 17 AND 18 IN ALL CASES

- 14. Estimated cost of proposed works, \$ 17,000
- 15. Construction work will begin on or before Already Completed
- 16. Construction work will be completed on or before
- 17. The water will be completely applied to the proposed use on or before Completed

County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before 19.....

WITNESS my hand this day of 19.....

STATE ENGINEER

By ASSISTANT

STATE OF OREGON, }
County of Marion, } ss.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.65 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well.

The use to which this water is to be applied is irrigation and industrial (washing vegetables), being 0.19 c.f.s. for irrigation and 0.46 for industrial.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is January 27, 1977

Actual construction work shall begin on or before June 30, 1978 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1978

Complete application of the water to the proposed use shall be made on or before October 1, 1979

WITNESS my hand this 30th day of June, 1977

James E. Seyer
Water Resources Director

Application No. G-7665
