Permit No. 67443

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and
shall not exceed
well or source of appropriation, or its equivalent in case of rotation with other water users, fromOnewel.l
The use to which this water is to be applied is irrigation
If for irrigation, this appropriation shall be limited to
2½ acre feet per acre for each acre irrigated during the irrigation season of each year;
And the first transfer of the property of the
and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.
The priority date of this permit is April 8, 1977
Actual construction work shall begin on or before September 14, 1978 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1978
Complete application of the water to the proposed use shall be made on or before October 1, 1979
WITNESS my hand this 14th day of September , 19.77
