(City)

(Mailing Address)

*State of Washington, 65301 Phone No. 102-979-8111* do hereby  
(Zip Code)

*make application for a permit to appropriate the following described ground waters of the State of Oregon:*

ONE

W. D. S.

1. The development will consist of ..... (Give number of wells, tile lines, infiltration galleries, etc.)

(Give number of wells, tile lines, infiltration galleries, etc.)

having a diameter of 12 in. and an estimated depth of 25D feet.

2. The well or other source is to be located 20 ft. S and 20 ft. W  
(N. of S.) (E. of W.)

(N. or S.)  (E. or W.)

from the N.E. corner of SW 1/4 Sec 11

(Public Land Survey Corner)

(Public Land Survey Corner)

~~Street corner of S.E. Vermont Street~~

If the film is more than one reel, take out the reel and film.

*being within the*      *NE*      *¼ of the*      *SW*      *¼ of*

*Sec* 11 *Twp 25 S R 33 E W.M. in the county of*

*3. Location of area to be irrigated, or place of use if use other than irrigation.*

4. It is estimated that ...250..... feet of the well will require .....10..... ft... casing

5. Depth to water table is estimated ... 18 ..... Well drilled by Hossberg & Son (Kind) \_\_\_\_\_  
(Feet)

6. The amount of water which the applicant intends to apply to beneficial use is ..... cubic feet  
per second or ..... gallons per minute.

7. The use to which the water is to be applied is ..... Farming  
Agricultural (see remarks)

8. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

9. If the location of the well, or other development work is less than one-fourth mile from a natural stream channel, give the distance to the channel and the difference in elevation between the stream bed and the ground surface at the source of development.

10.

DESCRIPTION OF WORKS

Include length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

1/2 mile of 8 in main line

4 1/2 miles 5 in wheel lines

75 hp electric motor - Johnson 8 in pump

11. Construction work will begin on or before ..... 4/20/77

12. Construction work will be completed on or before ..... ~~4/20/77~~

13. The water will be completely applied to the proposed use on or before ..... ~~4/20/77~~ SEE REMARKS

14. If the ground water supply is supplemental to an existing supply, identify the supply and existing water right.

Application No. .... G-8508

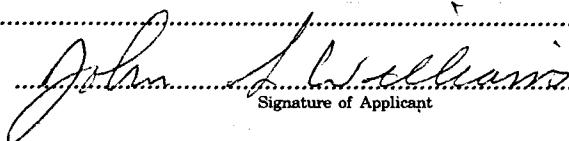

Permit No. .... G. 7835

43832

Remarks: One well is completed. Well  
is now being irrigated by a 1200 gal per  
min. well.

~~Another~~ well to be drilled within the  
~~next year~~ permitting starting in 1978

## Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed .....1.76..... cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from..... a well.....

The use to which this water is to be applied is.....irrigation.....

If for irrigation, this appropriation shall be limited to .....1/80th..... of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed .....3..... acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is .....October 28, 1977.....

Actual construction work shall begin on or before .....February 8, 1979..... and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1979.....

Complete application of the water to the proposed use shall be made on or before October 1, 1980.....

WITNESS my hand this .....8th..... day of.....February....., 19.....78.....

James E. Sexton  
Water Resources Director
