(Zip Code)

1. The development will consist of On

(Give number of wells, tile lines, infiltration galleries, etc.)

having a diameter of 6" and an estimated depth of 100 feet.

2. The well or other source is to be located ~~30~~⁹⁷⁵ ft. ~~North~~ and ~~280~~ ft. ~~East~~ *North*

(N. or S.) (E. or W.)
from the ~~Northwest~~^{Center 1/4} corner of ~~Lot 8, Block 1, Kern & Stevenson~~

Subdivision

Sec 19

(If there is more than one well, each must be described)

..... being within the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ o

Sept 19 A.M. 85 P. 39F W.M. in the county of Baker

3. Location of area to be irrigated, or place of use if use other than irrigation.

4. It is estimated that 100 feet of the well will require steel casing.

5. Depth to water table is estimated 65 (Feet) Well drilled by to be drilled by

6. The amount of water which the applicant intends to apply to beneficial use is cubic feet
per second or 56 gallons per minute.

7. The use to which the water is to be applied is pasture irrigation
~~livestock water~~

8. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

..... Not artesian

9. If the location of the well, or other development work is less than one-fourth mile from a natural stream channel, give the distance to the channel and the difference in elevation between the stream bed and the ground surface at the source of development.

..... N. A.

10.

DESCRIPTION OF WORKS

Include length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

..... Propose to use a 5 hp submersible pump in combination with
..... a 3" hand line.

11. Construction work will begin on or before October 1, 1979 Aug. 1, 1980

12. Construction work will be completed on or before Nov. 15, 1980 Aug. 1, 1981

13. The water will be completely applied to the proposed use on or before June 1, 1980 Nov. 1981

14. If the ground water supply is supplemental to an existing supply, identify the supply and existing water right. N. A.

Application No. G-9369

Permit No. G 8731

Application No. G-93(69)

Permit No. G-8731

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 56 gallons per minute measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from one well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3.0 acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is August 20, 1979

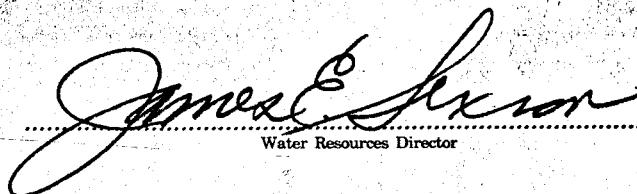

Actual construction work shall begin on or before February 7, 1981 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19..81.....

Extended to Oct. 1, 1982

Complete application of the water to the proposed use shall be made on or before October 1, 19...82.....

WITNESS my hand this 7th day of February , 19...80.....

James E. Jackson
Water Resources Director
