Application No.

STATE OF OREGON WATER RESOURCES DEPARTMENT

Application for a Permit to Appropriate Ground Water

SALEM, OREGON

RECEIVED
FEB 19 1980
WATER RESOURCES DEPT
SALEM, OREGON

I, SOUTH LANE SCHOOL DISTRICT 45J3
(Name of Applicant)

of 103 South 5th Street, Cottage Grove
(Mailing Address) (City)

State of Oregon, 97424 Phone No. 942-3381 do hereby
(Zip Code)

make application for a permit to appropriate the following described ground waters of the State of Oregon:

1. The development will consist of One (1) Well
(Give number of wells, tile lines, infiltration galleries, etc.)

having a diameter of 8 inches and an estimated depth of fifty feet.

2. The well or other source is to be located 800 ft. North and 160 ft. East
(N. or S.) (E. or W.)

from the Northeast corner of DLC #63
(Public Land Survey Corner)

Also S86° 28' 42" W 651.23 from Int. ELLCOR DLC #62
(If there is more than one well, each must be described)

being within the Northwest 1/4 of the Southwest 1/4 of
Sec. 33 Tp. 20S R. 3W, W. M., in the county of Lane

3. Location of area to be irrigated, or place of use if use other than irrigation.

Township	Range	Section	List 1/4 1/4 of Section	List use and/or number of acres to be irrigated
20S	3W	33	NW 1/4 SW 1/4	6.8 acres (primary source)
20S	3W	33	NW 1/4 SW 1/4	4 acres (alternate source)
It is the intent that the 6.8 acres listed as primary source would be irrigated from the well listed on this application.				
The 4 acres (indicated as alternate source) will not be irrigated from this well except in an emergency due to the failure of the irrigation pumping system which presently irrigates this area as per application 44073.				
The 6.8 acres is presently not irrigated under application 44073.				

4. It is estimated that 30 feet of the well will require 8 inch steel casing.
(Kind)

5. Depth to water table is estimated 25 feet Well drilled by Tom May, Cottage Grove, Oregon
(Feet) or Walter White, Junction City, OR

6. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 70 gallons per minute.

7. The use to which the water is to be applied is Irrigation

8. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

..... NOT Artesian

9. If the location of the well, or other development work is less than one-fourth mile from a natural stream channel, give the distance to the channel and the difference in elevation between the stream bed and the ground surface at the source of development.

..... Does not apply.

10. **DESCRIPTION OF WORKS**

Include length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

..... Install 120 feet of 3 inch plastic line to connect with existing
..... system from municipal city of Cottage Grove water supply, new well
..... to supply irrigation system and city of Cottage Grove to continue
..... supply of building water.

..... Byron Jackson 5 inch rain type pump.

..... Motor 220-440V, 3500 RPM, 15 HP

11. Construction work will begin on or before April 1, 1980

12. Construction work will be completed on or before May 1, 1980

13. The water will be completely applied to the proposed use on or before May 15, 1980

14. If the ground water supply is supplemental to an existing supply, identify the supply and existing water right. Cottage Grove Public Water System and Coast Form Willamette River

..... Permit #32730

Application No. G-9614

Permit No. G 8896

G 8808

Remarks:..... This application is applicable to installing and developing
..... and irrigation well for this school district's Lincoln
..... Junior High School, located at 1565 South 4th Street, Cottage
..... Grove, Oregon. 97424

Application No. G-9614

Permit No. G 8896

G 8896

Permit to appropriate the Public Waters of the State of Oregon

G 8896

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

*The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.14 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from.....
a well*

The use to which this water is to be applied is.....irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to one-eightieth of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein.

*and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.
The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.*

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

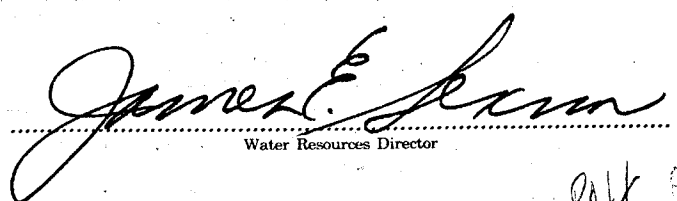

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is.....March ¹³~~X~~, 1980

Actual construction work shall begin on or before August 25, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1981

Complete application of the water to the proposed use shall be made on or before October 1, 1982

WITNESS my hand this 25th day of August, 1980

Water Resources Director
