To appropriate the Ground Waters of the State of Oregon

I, Horace L. and Wilma M. Root
(Name of applicant)
of 1025 Ellendale Drive, Medford, county of Jackson,
(Postoffice Address)
state of Oregon, do hereby make application for a permit to appropriate the
following described ground waters of the state of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. Give name of nearest stream to which the well, tunnel or other source of water development is
situated Larsen Creek
(Name of stream)

tributary of Bear Creek

2. The amount of water which the applicant intends to apply to beneficial use is 0.02 cubic
feet per second or gallons per minute.

3. The use to which the water is to be applied is irrigation

4. The well or other source is located 1655 ft. S. and 175 ft. E. from the NE
(N. or S.) (E. or W.)
corner of Donation Land Claim #50
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one well, each must be described. Use separate sheet if necessary)

being within the NW, NE of Sec. 32, Twp. 37 S., R. 1 W.,
W. M., in the county of Jackson

5. The pipeline to be 300 feet
(Canal or pipe line)
in length, terminating in the NW, NE of Sec. 32, Twp. 37 S.,
(Smallest legal subdivision)
R. 1 W., W. M., the proposed location being shown throughout on the accompanying map.

6. The name of the well or other works is Root Well

DESCRIPTION OF WORKS

7. If the flow to be utilized is artesian, the works to be used for the control and conservation of the
supply when not in use must be described.

8. The development will consist of one well having a
(Give number of wells, tunnels, etc.)
diameter of 6.0 inches and an estimated depth of 98 feet. It is estimated that 6.0
feet of the well will require steel casing. Depth to water table is estimated 15.0 feet
(Kind) (Feet)

MUNICIPAL SUPPLY—

13. To supply the city of
in county, having a present population of
and an estimated population of in 19.....

14. Estimated cost of proposed works, \$ 700.00

15. Construction work will begin on or before 1 year from date of issuance of permit.

16. Construction work will be completed on or before October 1, 1959

17. The water will be completely applied to the proposed use on or before October 1, 1960

18. If the ground water supply is supplemental to an existing water supply, identify any application for permit, permit, certificate or adjudicated right to appropriate water, made or held by the applicant. none

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19.....

WITNESS my hand this day of, 19.....

STATE ENGINEER

County of Marion.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.01 cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well.

The use to which this water is to be applied is irrigation.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be cased as necessary in accordance with good practice and if the flow is artesian the works shall include proper capping and control valve to prevent the waste of ground water.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is May 23, 1958.

Actual construction work shall begin on or before July 25, 1959 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1959.

Complete application of the water to the proposed use shall be made on or before October 1, 1960.

WITNESS my hand this 25th day of July 1958.
