make application for a permit to appropriate the following described ground waters of the State of Oregon:

[View Details](#) | [Edit](#) | [Delete](#) | [Print](#)

one well

(Give number of wells, tile lines, infiltration galleries, etc.)

having a diameter of 12" and an estimated depth of 167 feet.

2. The well or other source is to be located 2410 ft. N and 2180 ft. W

(N. or S.)

(E. or W.)

from the S.E. corner of Section 32
(Public Land Survey Corner)

(Public Land Survey Corner)

..... being within the NW 1/4 of the SE 1/4 of
Sec. 32 Tp. 23 S. R. 31 E., W. M., in the county of SARNEY.

3. Location of area to be irrigated, or place of use if use other than irrigation.

4. It is estimated that 1167 feet of the well will require 12 " casing.
(Kind)

.....
(Kind)

5. Depth to water table is estimated 24 feet. Well drilled by Western Water Wells.

6. The amount of water which the applicant intends to apply to beneficial use is cubic feet per second or 425 gallons per minute.

7. The use to which the water is to be applied is irrigated pasture & hay

8. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

N/A

9. If the location of the well, or other development work is less than one-fourth mile from a natural stream channel, give the distance to the channel and the difference in elevation between the stream bed and the ground surface at the source of development.

N/A

10. **DESCRIPTION OF WORKS**

Include length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

Mainline - 2750 feet by 6"

Pump - 50 H.P. - Turbine

Irrigator - Big Gurd "Teavel-Gator"

11. Construction work will begin on or before

9/13/79

12. Construction work will be completed on or before

10/5/79

13. The water will be completely applied to the proposed use on or before

6/80

14. If the ground water supply is supplemental to an existing supply, identify the supply and existing water right. Silvies River Adjudication) 1886 Vol 9 P 164

Application No. 6-9510

Permit No. G 8910

G 8910

Permit to Appropriate the Public Waters of the State of Oregon

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 425 gallons per minute cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from a well

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to one-eighthieth of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season of each year; provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

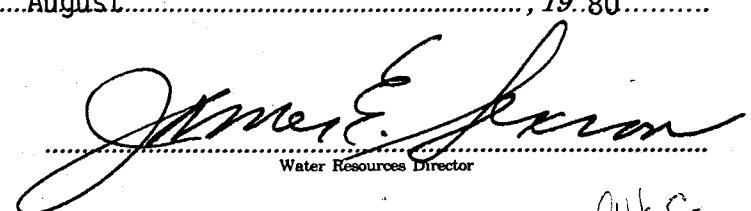

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is January 11, 1980

Actual construction work shall begin on or before August 25, 1981 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.81.....

Complete application of the water to the proposed use shall be made on or before October 1, 19.82.....

WITNESS my hand this 25th.... day of....August....., 19.80.....

James E. Paxton
