RECEIVED MAR 26 1976 33 PHONO NO 503-798-5277 do hereby

卷之三

For the purpose of this section, "residence" means the following and includes ground waters of the State of Oregon:

*make application for a permit to appropriate the following described ground waters of the State of Oregon:*

1. The development will consist of ..... / ..... (Give number of walls, tile lines, infiltration galleries, etc.)

(Give number of wells, tile lines, infiltration galleries, etc.)

having a diameter of ..... 14 ..... and an estimated depth of ..... 1.90 ..... feet.

2. The well or other source is to be located 16.50 ft. South. and 961 ft. EASt  
(N. or S.) (E. or W.)

from the N W corner of Section 33  
(Public Land Survey Corner)

(Public Land Survey Corner)

(If there is more than one well, each must be described)

Sec. 33. Tp. 40. R. 11, W. M., in the county of Klamath

**3. Location of area to be irrigated, or place of use if use other than irrigation.**

4. It is estimated that 20 feet of the well will require 5 Tee casing.

5. Depth to water table is estimated 110..... Well drilled by Wilson Drilling Co. Inc.,  
(Kind)  
(Feet)

6. The amount of water which the applicant intends to apply to beneficial use is ..... cubic feet per second or 150 gallons per minute.

7. The use to which the water is to be applied is F.R.R.I.G.A.T.I.O.N.....

8. If the flow to be utilized is artesian, the works to be used for the control and conservation of the supply when not in use must be described.

N.A.

9. If the location of the well, or other development work is less than one-fourth mile from a natural stream channel, give the distance to the channel and the difference in elevation between the stream bed and the ground surface at the source of development.

N.A.

10.

#### DESCRIPTION OF WORKS

Include length and dimensions of supply ditch or pipeline, size and type of pump and motor, type of irrigation system to adequately describe the proposed distribution system.

125 H.P. Pipe  $\frac{1}{4}$  mile, with Corner System

2 -  $\frac{1}{4}$  mile Wheel Lines

11. Construction work will begin on or before Completed

12. Construction work will be completed on or before Completed

13. The water will be completely applied to the proposed use on or before Has been Applied

14. If the ground water supply is supplemental to an existing supply, identify the supply and existing water right. Primary Source

**Permit to Appropriate the Public Waters of the State of Oregon**

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS INCLUDING THE EXISTING MINIMUM FLOW POLICIES ESTABLISHED BY THE WATER POLICY REVIEW BOARD and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed ..... 2.25 ..... cubic feet per second measured at the point of diversion from the well or source of appropriation, or its equivalent in case of rotation with other water users, from ..... one well.....

The use to which this water is to be applied is ..... irrigation.....

If for irrigation, this appropriation shall be limited to ..... 1/80th ..... of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed ..... 3 ..... acre feet per acre for each acre irrigated during the irrigation season of each year;

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

The priority date of this permit is ..... March 5, 1981.....

Actual construction work shall begin on or before ..... April 15, 1982..... and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 19.82.....

Complete application of the water to the proposed use shall be made on or before October 1, 19.83.....

WITNESS my hand this ..... 15th ..... day of ..... April ..... , 19.81.....
