

STATE OF OREGON

CERTIFICATE NO. 52835

UMATILLA COUNTY

PERMIT TO APPROPRIATE THE PUBLIC WATERS

This is to certify that I have examined Application G-9900 and do hereby grant the same SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

This permit is issued to Eddie Phillips of Route 2, Box 309A, Milton-Freewater, Oregon 97862, Phone 938-6869, for the use of the waters of one well, for the purpose of supplemental irrigation; that the priority of the right dates from August 21, 1980 and is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.05 cubic foot per second measured at the point of diversion from the well, or its equivalent in case of rotation with other water users.

The well is to be located: 70 feet south and 690 feet east from the northwest corner of Section 33, being within the NW 1/4NW 1/4, Township 6 North, Range 35 East, WM, in the county of Umatilla.

The amount of water used for irrigation, together with the amount secured under any other right existing for the same lands, shall be limited to one-eightieth of one cubic foot per second per acre, and shall be further limited to a diversion of not to exceed three acre-feet per acre for each acre irrigated during the irrigation season of each year, provided further that the right allowed herein shall be limited to any deficiency in the available supply of any prior right existing for the same land and shall not exceed the limitation allowed herein, and shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use under the permit, and to which such right is appurtenant, is as follows:

Township 6 North Range 35 East, WM Section 33 NW 1/4NW 1/4 4.0 acres

The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon.

The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times.

The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Actual construction work shall begin on or before February 8, 1983 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1983.

Complete application of the water to the proposed use shall be made on or before October 1, 1984.

WITNESS my hand this 8th day of February, 1982.

/s/ JAMES E. SEXSON
WATER RESOURCES DIRECTOR
