The well shall be constructed in accordance with the General Standards for the Construction and Maintenance of Water Wells in Oregon. The works constructed shall include an air line and pressure gauge or an access port for measuring line, adequate to determine water level elevation in the well at all times. The permittee shall install and maintain a weir, meter, or other suitable measuring device, and shall keep a complete record of the amount of ground water withdrawn.

Actual construction work shall begin on or before February 11, 1984 , and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1984 . Extended to October 1, 1989 , extended to 10-1-94, 10-1-99

Complete application of the water to the proposed use shall be made on or before October 1, 19 85 Extended to October 1, 1989 . . . extended to 10-1-94, 10-1-99

Witness my hand this 11th day of March , 19 83 .

/s/ JAMES E. SEXSON  
WATER RESOURCES DIRECTOR

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.
