The storage of water allowed herein is subject to the installation and maintenance of an outlet pipe, or to provide other means to evacuate water when determined necessary by the Water Resources Director to satisfy prior downstream rights.

Actual construction work shall begin on or before August 24, 1990, and shall be completed on or before October 1, 1991. The reservoir shall be filled, and complete application of the stored water to the use shall be made on or before October 1, 1992.

This permit is for the beneficial use of water. By law, the land use associated with this water use must be in compliance with statewide land-use goals and any local acknowledged land-use plan. It is possible that the land use you propose may not be allowed if it is not in keeping with the goals and the acknowledged plan. Your city or county planning agency can advise you about the land-use plan in your area.

Issued this date, August 24, 1989.
