

Reservoir Permit No. 1131

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Francis L. Matley (Name of Applicant)

of Halfway (Postoffice), County of Baker, State of Oregon

do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is NONE

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Holbrook Creek and Meadow Creek

Holbrook Creek is a tributary of Pine Creek, and Meadow Creek tributary of is a tributary of Clean Creek which is a tributary of Pine Creek.

3. The amount of water to be stored is 1.9 acre feet.

4. The use to be made of the impounded water is irrigation, domestic and stock (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 24, T 7 S, R 15 E, W.M. (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet Situated in the channel of Holbrook Creek. The character of material at the outlet is clay mixed with gravel.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in NE 1/4 of the SW 1/4, Sec. 24 (Smallest legal subdivision)

Tp. 7 S, R. 15 E, W. M. It will be 15 feet in height, (No. N. or S.) (No. E. or W.)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

having a length on top of 170 feet; length on bottom 50 feet;

width on top 10 feet; slope of front or water side 3:1; slope on back 2:1
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

height of dam above water line when full 4 feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth fill construction with crawler tractor and carryall. No protection from waves is deemed necessary.

8. The location of wasteway with dimensions are as follows: Two spillways 12 feet wide and 3 feet deep around each end of the dam in addition to a 2 ft by 2 ft reinforced concrete drop inlet to take care of normal runoff.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: a 2 ft by 2ft reinforced concrete outlet is to be constructed through the dam combining a drop inlet and headgate. During the months of heavy runoff the gate will be open.

10. The area submerged by the proposed reservoir, when full, will be 0.4 acres, with a maximum depth of water of 9.5 feet; and approximate mean depth of water 5 feet.

11. The estimated cost of the proposed work is \$ 1,250.

12. Construction work will begin on or before August 1, 1950 or as soon as permit obtained

13. Construction work will be completed on or before October 1, 1950

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

Francis L. Madry
(Name of applicant)

Signed in the presence of us as witnesses:

(1) Woodrow W. Bunch, Halfway Oregon
(Name) (Address of witness)
(2) M. N. Smith, Halfway, Ore.
(Name) (Address of witness)

~~Remarks: The purpose of this project is to provide a holding reservoir in which a small head of water is collected during the irrigating season. By collecting the water in this manner a more efficient irrigating head will be obtained and this benefit derived from the use of the water. Application for a permit for supplemental irrigation will be made to cover the lands on which the impounded water will be used.~~

STATE OF OREGON, }
 County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before _____, 19_____

WITNESS my hand this _____ day of _____, 19_____

STATE ENGINEER
