

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

FLANNIA E. WILSON
of RAY B. WILSON Estate, Oregon

I, FLANNIA E. WILSON, do hereby make Application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is 110

2. The name of the stream from which the reservoir is to be filled and the appropriation made is DUBOSE CREEK tributary of Clackamas River

3. The amount of water to be stored is 1,000,000 gal. or less

4. The use to be made of the impounded water is Fish Pond (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 29 T. 2 S., R. 11 E., W. M., in the county of Clackamas

(a) State whether situated in channel of running stream and give character of material at outlet. Situated in channel of running stream, lies about 30 ft south of main channel.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions. Pond is filled by springs, it is intended to run a pipe from creek to a great pond and a dam is to be built.

b. The dam will be located in Sec. 29 T. 2 S., R. 11 E., W. M. (smallest legal subdivision)

T. 2 S., R. 11 E., W. M. The maximum height will be feet above stream bed or ground surface on center line of dam. The length on top will be feet; length on bottom feet; width on top feet; slope of front or water side, slope on back, height of dam above water line when full feet.

without cost, together with instructions by addressing the State Engineer, Salem, Oregon. A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: NAME

8. The location of wasteway with dimensions are as follows: 14' x 10'
Picked up from head of creek by 2 in. pipe
extended to 10 inches.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: The water will be in concrete
spillway then by natural course back to main
creek

10. The area submerged by the proposed reservoir when full, will be 27 x 40 ft.
with a maximum depth of water of about 2 ft. feet; and approximate mean depth of water 7 feet.

11. The estimated cost of the proposed work is \$1000

12. Construction work will begin on or before work is all done

13. Construction work will be completed on or before

W. H. BULLOCK
(Name of applicant)

STATE OF OREGON,
