

# Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Weyerhaeuser Timber Company  
of P.O. Box 275, Springfield, Oregon

do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to

existing rights.  
if the applicant is a corporation, give date and place of incorporation January 18, 1900, Tacoma, Washington

1. The name of the proposed reservoir is LOG Pond extension (See Remarks)  
2. The name of the stream from which the reservoir is to be filled and the appropriation made is McKENZIE RIVER (See Remarks)

tributary of Willamette River

3. The amount of water to be stored is (See Remarks) 140 acre feet.  
4. The use to be made of the impounded water is storage area for floating logs  
5. The location of the proposed reservoir will be in Sec. 28 (original) and 29 (original)  
17 S., R. 2 W., W. M., in the county of TANE  
(Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet not in channel.

(h) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions Water will be pumped to fill reservoir, and level will be maintained by condenser discharge water.

6. The dam will be located in SW1/4 Sec. 28 and SE1/4 Sec. 29  
Tp. 17 S., R. 2 W., W. M. The maximum height will be 5.5 feet above stream bed or ground surface on center line of dam. The length on top will be See Remarks 1100 feet; length on bottom See Remarks 1100 feet; width on top 20 feet; slope of front or water side 2:1; slope on back 2:1; height of dam above water line when full 1.5 feet.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from

water are as follows: **Construction will be done in accordance with specifications of the Oregon State Engineer, Drawing No. 10-P-1000 and Specification No. 10-100, to the same standards required for the original log pond, permit No. R-001.**

8. The location of wasteway with dimensions are as follows: **None necessary built for the original log pond, as shown by Drawing No. 10-P-17.**

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: **None outlet built for the original log pond as shown by Drawing No. 10-P-17.**

10. The area submerged by the proposed reservoir, when full, will be **17.0** acres, with a maximum depth of water of **7.0** feet, and approximate mean depth of water **7.0** feet.

11. The estimated cost of the proposed work is \$ **200,000**

12. Construction work will begin on or before **July 5, 1951.**

13. Construction work will be completed on or before **October 12, 1951.**

**Manager, Springfield Branch**

STATE OF OREGON  
County of Marion

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before **19**

WITNESS my hand this **10** day of **10**

STATE ENGINEER

Remarks:

2. This application is for a permit to extend the existing log pond. The permit number 2-001 was given in 1947.

3. Additional permits to accommodate water which will be used

to fill the log pond are as follows:

Permit No. 17311, in 1947.

Permit No. 20841, in 1951.

3. Storage	Log Pond Extension	140	acre feet
	Original Log Pond	132	" "
	TOTAL	272	acre feet

6. Length of dam is 1100 ft.

Total perimeter enclosing log pond extension is

2900 ft. Balance is in cut.

STATE OF OREGON

County of Marion

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: the right herein granted is limited to the construction of a log pond extension and the storage of water from McKenzie River to be appropriated under Application No. 24632, Permit No. 20841 for storage area for floating logs.

The right hereunder shall be limited to the storage of 272 acre feet.

The priority date of this permit is September 20, 1951.

Actual construction work shall begin on or before March 31, 1953

and shall thereafter be prosecuted with reasonable diligence and be completed on or before

October 1, 1954

WITNESS my hand this 11th day of March, 1952

[Handwritten signature and stamp of the State Engineer]

STATE ENGINEER
