

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

OREGON STATE GAME COMMISSION
OREGON STATE GAME COMMISSION
1634 S. W. Alder Street, Portland, Oregon

State of Oregon do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Wilson Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Unnamed Creek

tributary of Soap Creek

3. The amount of water to be stored is 2,002,625 gallons

4. The use to be made of the impounded water is water flow and fish propagation.

5. The location of the proposed reservoir will be in Sec. 17

Tp. 10 S. R. 4 W. W. M., in the county of Benton

(a) State whether situated in channel of running stream and give character of material at outlet channel in intermittent stream railroad fill that has been abandoned.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in NW 1/4 of NW 1/4 of Sec. 17

Tp. 10 S. R. 4 W. W. M. The maximum height will be 9 feet above stream bed or ground surface on center line of dam. The length on top will be 12 feet; length on bottom 12 feet; width on top 3 feet; slope of front or water side vertical; slope on back vertical; height of dam above water line when full 1 feet.

A different form or application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Oregon, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from

water are as follows: Reinforced concrete.

8. The location of wasteway with dimensions are as follows:

over dam
(State whether over or around the dam)
3 openings 3'-0" wide.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions,

are as follows: (State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 7.51 acres,

with a maximum depth of water of 8 feet, and approximate mean depth of water 1 feet.

11. The estimated cost of the proposed work is \$ 1300.

12. Construction work will begin on or before November 1, 1931.

13. Construction work will be completed on or before November 30, 1931.

[Handwritten Signature]

STATE OF OREGON
County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before 19.....

WITNESS my hand this day of 19.....

STATE ENGINEER

Remarks:

STATE OF OREGON
STATE OF OREGON
County of Marion

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: the right herein granted is limited to the construction of Wilson Dam and the storage of water from an unnamed creek to be appropriated under Application No. 26127, Permit No. 20033. An outlet conduit suitable to pass the normal flow of the stream shall be placed and maintained through the base of the dam. The right hereunder shall be limited to the storage of 8.05 acre feet.

The priority date of this permit is October 16, 1952

Actual construction work shall begin on or before March 31, 1953

and shall thereafter be prosecuted with reasonable diligence and be completed on or before

October 1, 1954

WITNESS my hand this 31st day of March
