run off water

6. The dam will be located in Tract 12, Section 31, Township 2 North, Range 1 West, W.M.

The maximum height will be 1 1/2 feet above stream bed or ground surface on center line of dam. The length on top will be 100 feet, length on bottom 200 feet, width on top 27 feet, slope of front

or water side 3 1/2 to 1; slope on back 2 1/2 to 1 height of dam above water line when full 2 1/2 feet

A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

method of protection from
of which it is to be built, and method of protection from

8. The location of outlet with dimensions as follows:

17 x 25 - 20 ft. long

David H. Brown
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions.

see as follows: 4) * 2 ft. dia. in hole of dam
2 in

10. The area submerged by the proposed reservoir, when full, will be 0.12 acres.

with a maximum depth of water of 10 feet; and approximate mean depth of water about 3 feet.

11. The estimated cost of the proposed work is \$ 4000

12. Construction work will begin on or before 10/1/1914

13. Construction work will be completed on or before 10/1/1914
David H. Brown
(Name of applicant)

STATE OF OREGON,
County of Marion, ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before 10/1/1914

WITNESS my hand this 10 day of 1914

STATE ENGINEER

STATE OF OREGON

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions. The right herein granted is limited to the construction of Richter Pond, the storage of surface water and water from an unnamed stream to be appropriated under Application No. 26907, Permit No. 21112, for stock and fish culture.

The right hereunder shall be limited to the storage of 1.2 acre feet.

The priority date of this permit is February 28, 1952.

Actual construction work shall begin on or before June 30, 1953.

and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1954.

WITNESS my hand this 30th day of June, 1952.

STATE ENGINEER
