

**Application for a Permit to Construct a Reservoir and to Store the Unappropriated Waters of the State of Oregon**

I, DARYL B. COOPER  
 of Salmon  
 State of Oregon

do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

- The name of the proposed reservoir is
- The name of the stream from which the reservoir is to be filled and the appropriation made is unnamed tributary of Pudding River

- tributary of
- The amount of water to be stored is 3 acre feet.
  - The use to be made of the impounded water is Irrigation fire protection  
(irrigation, power, domestic supply, etc.)
  - The location of the proposed reservoir will be in Sec. 10  
(Give sections or townships to be submerged)

Tp. 9 S R. 2 W W. M. in the county of MARION

(a) State whether situated in channel of running stream and give character of material at outlet

Reservoir is to be constructed entirely separate of stream and filled through a diversionary pipe from a check-gate upstream

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

Feed pipe will be 4" irrigation type pipe approx. 150' in length

The dam will be located in N/E 1/4 of the N/E 1/4 Sec. 10  
(smallest legal subdivision)

Tp. 9 S R. 2 W W. M. The maximum height will be 5 feet above stream bed or ground surface on center line of dam. The length on top will be 2 feet, length on bottom 2 feet; width on top 4 feet; slope of front or water side 3 (feet horizontal to 1 vertical), slope on back 2 (feet horizontal to 1 vertical); height of dam above water line when full 2 feet.

A different form of application should be used for the appropriation or stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

 ... THE PERMITTEE SHALL BE RESPONSIBLE FOR THE COST OF THE CHECKS ...

PURPOSES. THE MAIN PURPOSES OF THIS RESERVOIR WILL BE EXCAVATED.  
 The accompanying plan of the reservoir shows the dike, which was laid  
 out in the plan of the reservoir. The reservoir will be filled as  
 soon as possible without interfering with the rights, enjoyment  
 of this area (farming) may be necessary later to store sufficient  
 water during winter period with one more filling possible during  
 the first of the irrigation season. The evaporation rate computed  
 for the period when the inflow is not of a measurable quantity.

STATE OF OREGON,  
 STATE OF OREGON,  
 County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same  
 subject to the following limitations and conditions: The right herein granted is limited to the construc-  
 tion of one reservoir and the storage of water from an unimproved tributary of Priddy  
 River to be appropriated under Application No. 22169, Permit No. 22167 for irrigation  
 and fire protection.

The right hereunder shall be limited to the storage of 3.0 acre feet.  
 The priority date of this permit is March 3, 1953.  
 Actual construction work shall begin on or before August 21, 1954 and  
 shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.  
 WITNESS my hand this 21st day of August, 1953.
