

**Application for a Reservoir and to
Impound the Unappropriated
Waters of the State of Oregon**

I, **JOHN ROBER and ALICE ROBER**
Chas Creek Oregon
OF **Oregon**

do hereby make application for a permit to construct the
following described reservoir and to store the unappropriated waters of the State of Oregon, subject to
existing rights

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is **NIJIAS**

2. The name of the stream from which the reservoir is to be filled and the appropriation made is
Ihler Creek

boundary of **Chas Creek Oregon**

3. The amount of water to be stored is **10** acre feet.

4. The use to be made of the impounded water is **mill pond**
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. **8**

Tp. **11N**, R. **4W**, W. M., in the county of **Washington**

(a) State whether situated in channel of running stream and give character of material at outlet
No Channel

(b) If not in channel of running stream, state how it is to be filled. If through a food canal, give
name and dimensions **Feed through pipeline**

6. The dam will be located in **NW of the NW of the NW Qtr. of Sec 8**

Tp. **11N**, R. **4W**, W. M. The maximum height will be **10** feet above stream bed or ground

surface on center line of dam. The length on top will be **10** feet, length on
bottom **10** feet; width on top **10** feet; slope of front

on water side **1:1**; slope on back **1:1**; height of dam above water line

when full **10** feet.

A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured
without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of said dam, the material of which it is to be built, and method of protection from

which are as follows:

8. The location of wasteway, with dimensions are as follows:

(State whether open or covered, the form)
(State whether over or below the dam)

NO wasteway

9. The location of outlet from the proposed reservoir, with character of construction and dimensions,

are as follows: No. outlet

(All dams across natural stream channels must be provided with an outlet capable of such capacity and location to pass the

normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be two and one-half acres,

with a maximum depth of water of 4 feet; and approximate mean depth of water

4 feet

11. The estimated cost of the proposed work is \$10,000.00

12. Construction work will begin on or before The pond has been completed

13. Construction work will be completed on or before

... above the natural ground surface.

STATE OF OREGON,
County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of one reservoir and the storage of water from Tyler Creek to be appropriated under Application No. 27923, Permit No. 22106 for mill pond.

The right hereunder shall be limited to the storage of 10.0 acre feet.

The priority date of this permit is June 17, 1953

Actual construction work shall begin on or before August 21, 1954 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.

WITNESS my hand this 21st day of August, 1953.
