Reservoir Permit No. 1873

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Yoncalla Lumber Company, (Name of Applicant)

of Yoncalla, (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation. An Oregon Corporation, Organized April 10, 1946 at Roseburg, Oregon.

1. The name of the proposed reservoir is Log storage pond

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Yoncalla Creek

tributary of Elk Creek and Umpqua River

3. The amount of water to be stored is 108 acre feet.

4. The use to be made of the impounded water is Log Storage (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 3 (Give sections or townships to be submerged)

Tp. R. W. M., in the county of Douglas

(a) State whether situated in channel of running stream and give character of material at outlet. Pond is not located in channel of stream

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions. Pond to be filled by pumping

6. The dam will be located in NE 1/4 SW 1/4 & SE 1/4 SW 1/4 Sec. 3

The dam will be 7 feet above stream bed or ground surface on center line of dam. The length on top will be 1400 feet; length on bottom 1500 feet; width on top 12 feet; slope of front or water side 2:1; slope on back 1 1/2:1; height of dam above water line 1. feet.

A copy of this form of application should be filed for the appropriation of stored water to beneficial use. Such forms can be secured from the State Engineer, Salem, Oregon.

R- 1673

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Gumbo. There will be no wave action.

8. The location of wasteway with dimensions are as follows: 12" overflow pipe at water level
(State whether over or around the dam)

Handwritten note:
12" overflow pipe
at water level

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 12" pipe wasteway at North end of combined pond
(State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 18 acres, with a maximum depth of water of 7 feet; and approximate mean depth of water 5.5 feet.

11. The estimated cost of the proposed work is \$ 5000.00

12. Construction work will begin on or before 2 th. September 1917

13. Construction work will be completed on or before 30th. June 1918

STATE OF OREGON, }
County of Marion. } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before _____, 19____.

WITNESS my hand this _____ day of _____, 19____.

STATE ENGINEER

Remarks:

This is a log storage pond and is really an enlargement of the canal section that was constructed in 1953. The West dyke of the canal section will be retained and raised as shown on the plans. The East dyke will be out of service. The South pond water level will be lowered and will become part of the proposed pond. Water for pumping will be obtained from the original point of diversion from the South pond.

STATE OF OREGON. }
 County of Marion. } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same subject to the following limitations and conditions: The right herein granted is limited to the construction of Log Storage Pond and the storage of water from Yoncalla Creek to be appropriated under Application No. 29546, Permit No. 23213 for log storage, and the dam shall be constructed under the supervision of a registered professional engineer. The right hereunder shall be limited to the storage of 108.0 acre feet.

The priority date of this permit is September 13, 1954

Actual construction work shall begin on or before February 21, 1956

and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1956

WITNESS my hand this 21st day of February 1955

Lewis A. Stanley
 STATE ENGINEER
