

• Reservoir Permit No. **1745**

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Paul Peyralans
(Name of Applicant)

of Rt. 1 Box 278, Gresham, Ore.
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Paul Peyralans Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Paul Peyralans Creek tributary of Thurston Creek

3. The amount of water to be stored is 15 acre feet.

4. The use to be made of the impounded water is irrigation

5. The location of the proposed reservoir will be in Sec. 17, Tp. 22, R. 5, W. M., in the county of Clatsop

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in 17, Sec. 17, Tp. 22, R. 5, W. M. The maximum height will be 15 feet above stream bed or ground surface on center line of dam. The length on top will be 500 feet; length on bottom 500 feet; width on top 10 feet; slope of front or water side 1; slope on back 1; height of dam above water line when full 2 feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earthfill dam of clay, loam, & sand. No waves.

8. The location of wasteway with dimensions are as follows: Wasteway around dam, 50 ft wide, 3 ft deep, 10 ft high.

(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Outlet pipe 18" dia, 100 ft long, 10 ft high.
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be 6 acres, with a maximum depth of water of 12 feet; and approximate mean depth of water 5 feet.

11. The estimated cost of the proposed work is \$ 1000.
12. Construction work will begin on or before July 1, 1955.
13. Construction work will be completed on or before September 1, 1955.

Remarks:

Dam to be designed by SCS Engineers

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Peyralans Reservoir and the storage of water from Butler Creek to be appropriated under Application No. 29207, Permit No. 23569 for irrigation, and the dam shall be constructed under the supervision of a registered professional engineer; and provided that water may be stored only during the period December 1 to June 1.

The right hereunder shall be limited to the storage of 12 acre feet.

The priority date of this permit is May 26, 1954

Actual construction work shall begin on or before September 16, 1956 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957.

WITNESS my hand this 16th day of September, 1955.

Lewis A. Standley
STATE ENGINEER
