

• Reservoir Permit No. **R 1807**

### Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, MADE SIBOWGER (Name of Applicant)

of 1101 Cascade Bldg., Portland 4 (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Clatsop Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

Willapa ~~and Spring~~ ~~tributaries~~ ~~of the~~ ~~tributary~~ of Wentworth Creek

3. The amount of water to be stored is 1000 (20) acre feet

4. The use to be made of the impounded water is irrigation

5. The location of the proposed reservoir will be in Sec. 30, T. 32 N., R. 30 W., W. M.

Tp. 32 N., R. 30 W., W. M. in the county of Washington

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in Sec. 30, T. 32 N., R. 30 W., W. M. (Small legal subdivision) Sec. 30

Tp. 32 N., R. 30 W., W. M. The maximum height will be 22 feet above stream bed or ground

surface on center line of dam. The length on top will be approx. 100 feet; length on

bottom 12 feet; width on top 10 feet; slope of front

or water side 2:1; slope on back 2:1; height of dam above water line

when full 2 feet. See attached drawings.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge together with instructions, by addressing the State Engineer, Salem, Oregon.

R 1807

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth filled free of vegetation with footings on solid soil.  
Rip rap protection from waves action, if necessary.

8. The location of wasteway with dimensions are as follows: Wasteway located on natural soil at the southerly end of the dam with suitable cement culvert.  
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Outlet at the bed of stream with metal culvert located approximately at the middle point of the dam and discharging into existing channel - see attached drawing.  
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be 20000.00 acres, with a maximum depth of water of 19 feet; and approximate mean depth of water 10 feet.

11. The estimated cost of the proposed work is \$ 7,500

12. Construction work will begin on or before JANUARY

13. Construction work will be completed on or before

STATE OF OREGON, )  
County of Marion, ) ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion.

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before June 2 1954

WITNESS my hand this 2nd day of June April, 19 54

CHAS. E. STRICKLER, STATE ENGINEER  
BY Chris L. Wheeler, Assistant

dg

Remarks: The reservoir is intended to be filled several times during the irrigation season.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Cemetery Reservoir and storage of water from Hall Creek to be appropriated under Application No. 27791, Permit No. 23914 for irrigation.

The right hereunder shall be limited to the storage of 20.0 acre feet.

The priority date of this permit is November 3, 1952

Actual construction work shall begin on or before March 20, 1957 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1957.

WITNESS my hand this 20th day of March 1956.

STATE ENGINEER

Application No. 12-7-50
