Reservoir Permit No. 1885

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Willard C. Bristlin (Name of Applicant)

of Box 657, Rt. 2, Oregon City, Oregon (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Unnamed Stream tributary of Clackamas River

3. The amount of water to be stored is approx 1/2 acre feet.

4. The use to be made of the impounded water is Irrigation (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 23 (Give sections or townships to be submerged)

Tp. 5 S., R. 2 E., W. M., in the county of Clackamas

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions. Through a stream, dam to be built, water to be brought into tank. Dam to be provided with a spillway.

6. The dam will be located in 1/4, 1/4, S 23 Sec. 23 (Smallest legal subdivision)

Tp. 5 S., R. 2 E., W. M. The maximum height will be 7 feet above stream bed or ground surface on center line of dam. The length on top will be approx 20 feet; length on bottom 125 ft feet; width on top unlimited feet; slope of front or water side 9 and 100; slope on back 1 and 100; height of dam above water line when full 7 feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: earth fill. Dike along creek side about 12 ft width

8. The location of wasteway with dimensions are as follows: concrete spill at top of dam (State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be 1/4 acres. with a maximum depth of water of 4 feet; and approximate mean depth of water 2 feet.

11. The estimated cost of the proposed work is \$ 150
12. Construction work will begin on or before September 30, 1906
13. Construction work will be completed on or before November 1, 1906

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before 19

WITNESS my hand this day of, 19

STATE ENGINEER

Remarks: I wish to make this pond about 200 ft upstream from the existing dam in permit 12750. I will use the water for irrigation and want to try to raise some fish in the pond. I am constructing it along side of the creek so that flooding in the creek will not have a detrimental effect upon the pond.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and the storage of water from an unnamed tributary of Clackamas River to be appropriated under Application No. 30629, Permit No. 24306 for irrigation.

The right hereunder shall be limited to the storage of 0.5 acre feet.

The priority date of this permit is March 28, 1956

Actual construction work shall begin on or before August 24, 1957 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1958.

WITNESS my hand this 24th day of August, 1956.

Lewis A. Stanley
STATE ENGINEER
