Reservoir Permit No. 2102

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Verne Hanna (Name of Applicant)
of Maupin Oregon (Mailing Address)

State of Oregon do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

- 1. The name of the proposed reservoir is unimproved drain
- 2. The name of the stream from which the reservoir is to be filled and the appropriation made is unimproved drain

tributary of unimproved drain

3. The amount of water to be stored is 1.2 acre feet.

4. The use to be made of the impounded water is irrigation, power, domestic supply, etc.

5. The location of the proposed reservoir will be in Sec. 10 Tp. 10 R. 10 W. M. in the county of Wheeler (Give sections or townships to be situated in)

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions will be filled by a dam

6. The dam will be located in Wheeler Sec. 10 Tp. 10 R. 10 W. M. The maximum height will be 2 feet above stream bed or ground surface on center line of dam. The length on top will be 102 feet; length on bottom 102 feet; width on top 2 feet; slope of front or water side 1:1; slope on back 1:2; height of dam above water line when full 2 feet.

* A different form of application shall be used for the reservoirs for storage of water for beneficial use. See form 10-1-1 with instructions together with instructions for the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Construction will be by dozer and scraper due to the small size of the pool no wave action is expected. Material will be clay loam.

8. The location of wasteway with dimensions are as follows: The wasteway will be around the southern end and discharge into rock draw bottom, width 10 ft., depth 3 ft. 2:1 side slope

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: none (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 0.4 acres, with a maximum depth of water of 7 feet; and approximate mean depth of water 3 feet.

11. The estimated cost of the proposed work is \$ 1,000.

12. Construction work will begin on or before

13. Construction work will be completed on or before

(Signature of applicant)

STATE OF OREGON, } ss.
County of Marion, }

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before February 7, 1958.

WITNESS my hand this 9th day of December, 1957.

LEWIS A. STANLEY

STATE ENGINEER

By James W. Carver, Jr.
James W. Carver, Jr., Assistant

Remarks:

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from an unnamed stream to be appropriated under Application No. 37980, Permit No. 25239, for stock.

The right hereunder shall be limited to the storage of 1.2 acre feet.

The priority date of this permit is November 13, 1957

Actual construction work shall begin on or before January 27, 1959 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1959.

WITNESS my hand this 27th day of January, 1958.

Lewis A. Stanley
STATE ENGINEER
