• Standard Permit No. 1176

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, SOUTH COAST LUMBER CO. OREG. LTD.
(Name of Applicant)

of P. O. Box 1038, Brookings
(Mailing Address)

State of OREGON, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is South Coast Mill Pond

2. The name of the stream from which the reservoir is to be filled and the appropriation made is No Name Ford and Unnamed spring fed tributary
tributary of Harris Creek

3. The amount of water to be stored is 22.1 acre feet.

4. The use to be made of the impounded water is Log Storage
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 25 & 36
(Give sections or townships to be submerged)
Tp. 40'S, R. 14'W, W. M., in the county of Curry

(a) State whether situated in channel of running stream and give character of material at outlet
The pond is not in the channel of a running stream
The material at the outlet is a sandy clay

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions
Filled by seep springs and a ditch 18" wide
and approximately 8" deep 338.4' long, diverting water from a branch
of Harris Creek

6. The dam will be located in The SE 1/4 of SW 1/4 of, Sec. 25
(Smallest legal subdivision)
Tp. 40'S, R. 14'W, W. M. The maximum height will be 22.9 feet above stream bed or ground surface on center line of dam. The length on top will be 94.9 feet; length on bottom 63.6 feet; width on top 20' feet; slope of front or water side 1.95:1; slope on back 1.35:1; height of dam above water line when full 1.92 feet.
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: The material of which the dam is made is sandy clay firmly tamped and pecked by tractors and carry all the top is covered with river run rock. The inside has natural rock placed along the water line.

8. The location of wasteway with dimensions are as follows: The waste way is over the dam. It is made of 2" x 12" plank with cross ties every 4 ft. The dimensions are 4' x 4' x 78'. This leads into a 24" culvert which runs under the mill yard.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: The outlet is in the SE 1/4 of the SW 1/4 of Section 25. (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.) Tables Range 14-W at the midpoint of the dam at the same location of cross section #2 shown on accompanying plat. The outlet is a 6" steel pipe approximately 90' long

10. The area submerged by the proposed reservoir, when full, will be 3.94 acres, with a maximum depth of water of 15.0' feet; and approximate mean depth of water 5.6 feet.

11. The estimated cost of the proposed work is \$.....

12. Construction work will begin on or before

13. Construction work will be completed on or before Completed

South Coast Lumber Co. Oreg. Ltd.

County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before October 31, 19 58.

WITNESS my hand this 26 day of September, 19 58.

LEWIS A. STANLEY

STATE ENGINEER

By *Fred D. Gustafson*
Fred D. Gustafson, Engineer

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of South Coast Mill Pond and storage of water from an unnamed stream and tributary to be appropriated under Application No. 32623, Permit No. 25733 for log pond, and the dam shall be constructed under the supervision of a registered professional engineer.

The right hereunder shall be limited to the storage of 22.1 acre feet.

The priority date of this permit is September 2, 1958

Actual construction work shall begin on or before November 20, 1959 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1960.

WITNESS my hand this 20th day of November 1958.

Lewis A. Atkinson
STATE ENGINEER
