Reservoir Permit No. 2263

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, R. E. WYLIE
(Name of Applicant)

of RT. 4, Box 1145 ROSBURG, ORE ON LARSEN ROAD
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation _____

1. The name of the proposed reservoir is Ralph Wylie Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Wylie Creek, and a spring which does not flow off property in summer time
tributary of Lookingglass Creek

3. The amount of water to be stored is 5 acre feet.

4. The use to be made of the impounded water is irrigation, ~~fish culture & domestic purposes~~
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 9
(Give sections or townships to be submerged)
Tp. 28 S, R. 7 W, W. M., in the county of Douglas

(a) State whether situated in channel of running stream and give character of material at outlet
Not in channel of running stream

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions through feed canal, 4 ft. wd. 2 ft. deep 35 ft l.

6. The dam will be located in NW 1/4 NW 1/4, Sec. 9
(Smallest legal subdivision)
Tp. 28 S, R. 7 W, W. M. The maximum height will be 8 feet above stream bed or ground surface on center line of dam. The length on top will be 500 feet; length on bottom 480 feet; width on top 10 feet; slope of front or water side 3 to 1; slope on back 2 to 1; height of dam above water line when full max 2 ft.
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

2253

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: alluvial soil

8. The location of wasteway with dimensions are as follows: regulated with
(State whether over or around the dam)
a control dam in channel of stream which is to be apart from
dike of dam.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 8ft. by 10 ft. and located on north end of lake
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)
The dike will have 2 ft of free board.

10. The area submerged by the proposed reservoir, when full, will be 1/25 acres,
with a maximum depth of water of 8 feet; and approximate mean depth of water
5 feet.

11. The estimated cost of the proposed work is \$ 1,000.00

12. Construction work will begin on or before Sept. 1959

13. Construction work will be completed on or before Oct. 1959

R. E. Reglie

James W. Carver, Jr. ASSISTANT

Remarks: This Reservoir will be filled during the winter by natural seepage from the spring and surrounding area. And in the spring, will divert the small stream into it by means of a dam in the creek and a channel from above dam in creek. Water will flow from diversion channel by gravity to reservoir.

The principal purpose of this reservoir is for watering garden, yard, and domestic purposes. Hope to have some water to irrigate some pasture.

~~I plan on stocking the reservoir with fish, being spring feed, stocked trout, to raise trout.~~

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Ralph Wylie reservoir and the storage of water from Wylie Creek and a spring to be appropriated under application No. 33238, permit No. 26283 for irrigation.

The right hereunder shall be limited to the storage of 5.0 acre feet.

The priority date of this permit is July 3, 1959

Actual construction work shall begin on or before September 22, 1960 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1961

WITNESS my hand this 22nd day of September 1959

Lewis A. Stanley
STATE ENGINEER

Application No. R-33202
Reservoir Permit No. R-2263
