

Reservoir Permit No. 2295

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon.

James H. Driscoll

(Name of Applicant)

Prairie Springs Trout Farm, Dayville

(Mailing Address)

State of Oregon

do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Prairie Springs Trout Farm

2. The name of the stream from which the reservoir is to be filled and the appropriation made is 27 Springs on my property - Title to John A. ... tributary of

3. The amount of water to be stored is 6 acre ft. acre feet.

4. The use to be made of the impounded water is Fish Culture (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 3 Tp. 13S, R. 27E, W. M., in the county of Grant (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet Yes - ...

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions From the heads of a spring ...

6. The dam will be located in 2 W 2 E - 7 E 3 E, Sec. 3 Tp. 13S, R. 27E, W. M. The maximum height will be 3 feet above stream bed or ground surface on center line of dam. The length on top will be 10 feet; length on bottom 10 feet; width on top 10 feet; slope of front or water side 1:1; slope on back 1:1; height of dam above water line when full 3 feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Cement

8. The location of wasteway with dimensions are as follows: 2' x 1' x 3'
(State whether over or around the dam)

Center with a screen
2 ft. high - 1 ft. wide - 3 ft. long

9. The location of outlet from the proposed reservoir, with character of construction and dimensions are as follows: Spillway in center with bottom

(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be 2 acres, with a maximum depth of water of 6 feet; and approximate mean depth of water 3 feet.

11. The estimated cost of the proposed work is \$ 11,000

12. Construction work will begin on or before Oct 1, 1959

13. Construction work will be completed on or before to be determined

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction & completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before June 15 1959

WITNESS my hand this 15th day of April, 1959
26th day of August, 1959

LEWIS A. STANLEY

STATE ENGINEER

RECEIVED
MAY 8 1959
STATE ENGINEER
SALEM, OREGON

By Walter N. Perry
Walter N. Perry, Assistant

Remarks: The reservoir project will consist of:

One excavated pond with a surface area of 1/2 acre with a mean depth of 8 feet storing approximately 4 acre feet of water.

Four excavated ponds approximately 30 feet in diameter with a mean depth of 3 feet storing approximately 0.05 acre foot in each pond.

Channels connecting the several ponds will be 4 feet wide with a total length of approximately one mile, having a mean depth of not to exceed 3 feet. The capacity of the channel system will be approximately 1.8 acre feet.

All of the ponds will be constructed by excavation and will have concrete walls and gravel bottoms.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of five ponds and connecting channels and storage of water from 27 unnamed springs to be appropriated under application No. 33402, permit No. 26447, for fish culture.

The right hereunder shall be limited to the storage of 6.0 acre feet.

The priority date of this permit is April 8, 1959

Actual construction work shall begin on or before January 20, 1961 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1962.

WITNESS my hand this 20th day of January, 1960

Lewis A. Stanley
STATE ENGINEER
