Remarks: These fish ponds were designed by the SCS Engineers at
Harrisburg, Oregon. It was the opinion at that time that I would not
need a permit for construction since very little water would be stored
above ground. The rules and regulations do not seem to be to clear on
this point. After writing for further information I am applying for a
permit if it is necessary to have one.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,
subject to the following limitations and conditions: The right herein granted is limited to the construc-
tion of Falk Bass Farm Reservoir and storage of water from McKenzie River (via Muddy
Creek Irrigation District D-1 Lateral) to be appropriated under application
No. 34936, permit No. 27585 for fish culture.

The right hereunder shall be limited to the storage of 6.8 acre feet.

The priority date of this permit is August 3, 1961

Actual construction work shall begin on or before December 4, 1962 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1963.

WITNESS my hand this 4th day of December, 1961
