

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

1. Raymond S. Slagg and Mona Slagg
Name of Applicant

of Drain, Douglas County, Oregon
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is ...

2. The name of the stream from which the reservoir is to be filled and the appropriation made is
no name

tributary of

3. The amount of water to be stored is ... acre feet

4. The use to be made of the impounded water is ...
(Irrigation, power, domestic supply, etc)

5. The location of the proposed reservoir will be in Sec. ... of Section 21,
(Give sections or townships to be submerged)
Tp. 22 S., R. 5 E., W.M., in the county of Douglas

(a) State whether situated in channel of running stream and give character of material at outlet

The dam will be a first dam with well-sillwater in channel of ...
stream. This dam to a limited extent has existed for years
prior to applicants ownership

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give

name and dimensions of the channel and a running stream, which stream
originates from several springs over a mile or so.

6. The dam will be located in ... the N.E. ... Sec. ...
(Smallest legal subdivision)

Tp. 22 S., R. 5 E., W.M. The maximum height will be ... feet above stream bed or ground
surface on center line of dam. The length on top will be ... feet; length on
bottom ... feet; width on top ... feet; slope on front
or water side 3 to 1 slope; slope on back 2 to 1 slope; height of dam above water line
(Feet horizontal to 1 vertical) when full ... feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge together with instructions, by addressing the State Engineer, Salem, Oregon

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: This dam will be a very limited dam simply to hold back the water for trout farm purposes, and the dam will be within the bed of Elk Creek and the stream bed flows through the remainder of the property to Elk Creek, so there is no danger to any other property.

8. The location of wasteway with dimensions are as follows: A slot will be cut in the woodgate in the center of the dam for the overflow of water from the same.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: center of woodgate, this slot will be cut in the dam in the center of the first dam for the overflow of water from the reservoir. (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 2.5 acres, with a maximum depth of water of 4 feet and approximate mean depth of water 2 1/2 feet.

11. The estimated cost of the proposed work is \$ 200.00

12. Construction work will begin on or before 20 days

13. Construction work will be completed on or before six months

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19.....

WITNESS my hand this day of, 19.....

STATE ENGINEER

By ASSISTANT

Remarks: This pond of water has been here for years, and I am now going to deepen same and improve the dam. The same has existed since to my purchase of property which has been more than six years. One of mine simply suggested that he would like to plant trout there and a trout farm for the raising of trout, and for that reason I am applying for this water right.

STATE OF OREGON. }
County of Marion. } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from an unnamed stream for fish culture within the reservoir, to be appropriated under application No. 37493, permit No. 28106

The right hereunder shall be limited to the storage of 2.5 acre feet.

The priority date of this permit is May 28, 1962

Actual construction work shall begin on or before September 5, 1963 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1964.

WITNESS my hand this 5th day of September, 1962.

John L. ...
STATE ENGINEER
