

\* Reservoir Permit No. 3233

# Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Bureau of Land Management (Name of Applicant)

of 1133 South Riverside (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Oregon Gulch #1

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Oregon Gulch, an intermittant tributary of Jenny Creek

a tributary of the Klamath River

3. The amount of water to be stored is less than 1/4 acre feet.

4. The use to be made of the impounded water is for stock watering purposes  
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 29  
(Give sections or townships to be submerged)

Tp. 40 S., R. 4 E., W.M., in the county of Jackson

(a) State whether situated in channel of running stream and give character of material at outlet  
Located in an intermittant side drainage of Oregon and built of the soil at the site which is rocky and sticky

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions  
Filled by a tiny seep and spring run off.

6. The dam will be located in N<sup>1</sup>/<sub>4</sub>SE<sup>1</sup>/<sub>4</sub>, Sec. 29,  
(Smallest legal subdivision)

Tp. 40 S., R. 4 E., W.M. The maximum height will be 7.5 feet above stream bed or ground surface on center line of dam. The length on top will be 57 feet; length on bottom 37 feet; width on top 10 feet; slope on front or water side 2:1; slope on back 1:1; height of dam above water line when full 2 feet.  
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Built by a D-7 tractor and angle dozer, of earth on the site and immediately adjacent. No wave protection required due to its small size.

8. The location of wasteway with dimensions are as follows: Spillway around end of the dam. It is 18 feet wide and two feet deep, which far exceeds the drainage width into the reservoir

9. The location of outlet from the proposed reservoir, with character of construction and dimensions are as follows: See above #8. (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be less than 1/10 acres, with a maximum depth of water of 5 feet; and approximate mean depth of water 3 feet.

11. The estimated cost of the proposed work is \$ 3113.00

12. Construction work will begin on or before Constructed in 1958 under the authority of the Taylor Grazing Act of 1934 as amended before E.L.M. was required to make

13. Construction work will be completed on or before / water filings.

(Signature of applicant) ACTING District Manager

STATE OF OREGON, } ss. County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before , 19

WITNESS my hand this day of , 19

STATE ENGINEER

By ASSISTANT

Remarks: .....

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Oregon Gulch No. 1 Reservoir and storage of water from Oregon Gulch for stock and is subject to the installation and maintenance of an outlet pipe, or to provide other means to evacuate the stored water when determined by the State Engineer to be necessary to satisfy prior downstream rights.

The right hereunder shall be limited to the storage of 0.25 acre feet.

The priority date of this permit is July 20, 1961

Actual construction work shall begin on or before June 24, 1964 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1965.

WITNESS my hand this 24th day of June, 1963
