Reservoir Permit No. 3422

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

1. Gene Oliver Morris

(Name of Applicant)

of Rta Box 191 Sheridan Oregon 97277

(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation Reservoir #1, Reservoir #2, and Reservoir #3

1. The name of the proposed reservoir is Reservoir #1, Reservoir #2, Reservoir #3

2. The name of the stream from which the reservoir is to be filled and the appropriation made is #1 Natural runoff, small draw. tributary of Rock Creek

3. The amount of water to be stored is #1 1000000 gal

4. The use to be made of the impounded water is Irrigation, power, domestic supply

5. The location of the proposed reservoir will be in Sec. 1

Tp. R. W.M., in the county of

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in Sec. Tp. R. W.M. The maximum height will be feet above stream bed or ground surface on center line of dam. The length on top will be feet; length on bottom feet; width on top feet; slope on front or water side; slope on back; height of dam above water line when full feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be obtained without charge, together with instructions, by addressing the State Engineer, Salem, Oregon

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: 18 in pipe with valve cut at bottom...

8. The location of wasteway with dimensions are as follows: State whether over or around the dam... above...

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be ... acres, with a maximum depth of water of ... feet; and approximate mean depth of water ... feet.

11. The estimated cost of the proposed work is \$...

12. Construction work will begin on or before ...

13. Construction work will be completed on or before ...

STATE OF OREGON, County of Marion.

I, the undersigned, do hereby certify that I have examined the foregoing application, together with the accompanying plans and data, and return the same for completion.

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before October 1, 1902.

WITNESS my hand this 1 day of August, 1902.
