

* Reservoir Permit No. **3861**

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, **Kenneth W. and Hallie E. Ford**
(Name of Applicant)

of **Box 1088** **Roseburg**
(Mailing Address)

State of **Oregon**, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is **Dixonville Log Pond**

2. The name of the stream from which the reservoir is to be filled and the appropriation made is **Livingston Creek with any deficiency to be made up from Deer Creek**
tributary of **South Umpqua River**

3. The amount of water to be stored is **260** acre feet

4. The use to be made of the impounded water is **irrigation**
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. **18 and 19**
(Give sections or township to be stored)
Tp. **27 S.** R. **4 W.**, W.M., in the county of **Douglas**

(a) State whether situated in channel of running stream and give character of material at outlet
In channel of Livingston Creek, an intermittent stream.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions **Water from Deer Creek, when needed to make up deficiency from Livingston Creek will be pumped by two 500 g.p.m. Ingersol-Rand pumps driven by two 15 HP electric motors.**

6. The dam will be located in **See Remarks**, Sec.
(Smallest legal subdivision)
Tp. , R. , W.M. The maximum height will be feet above stream bed or ground surface on center line of dam. The length on top will be feet; length on bottom feet; width on top feet; slope on front or water side ; slope on back ; height of dam above water line when full feet.
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows:

8. The location of wasteway with dimensions are as follows: (State whether over or around the dam.)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: (All dams across natural stream channels must be provided with an outlet conduit of such capacity and location to pass the normal flow of the stream at any time.)

10. The area submerged by the proposed reservoir, when full, will be acres, with a maximum depth of water of feet; and approximate mean depth of water feet.

11. The estimated cost of the proposed work is \$

12. Construction work will begin on or before Completed

13. Construction work will be completed on or before Completed

STATE OF OREGON, }
County of Marion. } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before 19

STATE ENGINEER

By

ASSISTANT

Remarks: The reservoir described in this application is the Dixonville Log Pond constructed under Permit No. R-1918. Applicants are submitting herewith an affidavit by Richard C. Stratford, Trustee, relinquishing the right for storage of the top 260 acre feet as confirmed by Water Right Certificate No. 23975.

[Dotted lines for additional remarks or conditions]

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same storage subject to the following limitations and conditions. The right herein granted is limited to the ~~construction~~ of water from Livingston Creek with any deficiency to be made up from Deer Creek in Dixonville log pond constructed under permit No. R-1918 to be appropriated under application No. 39239, permit No. 29158 for irrigation.

The right hereunder shall be limited to the storage of 260.0 acre feet.

The priority date of this permit is November 1, 1953

Actual construction work shall begin on or before February 24, 1955 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.

WITNESS my hand this 24th day of February, 1954.
