SALEM, OREGON

Reservoir Permit No.

4266

### Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, The Bureau of Land Management  
(Name of Applicant)

of Box 338, Vale  
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Mahogany Long Draw Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

Un-named

tributary of Cwythe

3. The amount of water to be stored is 1.72 acre feet.

4. The use to be made of the impounded water is stock water only  
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 26  
(Give sections or townships to be submerged)

Tp. 22S., R. 15E., W.M., in the county of Malheur

(a) State whether situated in channel of running stream and give character of material at outlet  
Not a running stream. Rock and clear spillway.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions  
From spring runoff.

6. The dam will be located in Flow, Sec. 26,  
(Smallest legal subdivision)

Tp. 22S., R. 15E., W.M. The maximum height will be 16 feet above stream bed or ground

surface on center line of dam. The length on top will be 1 feet; length on

bottom triangular feet; width on top 1 feet; slope on front

or water side 3:1; slope on back 3:1; height of dam above water line  
(Feet horizontal to 1 vertical)

when full 1 feet.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: A keyway will be dug and filled in with the same material taken from a pit in front of the reservoir. The dam will be built in layers not to exceed 6 inches and compacted with a roller. The dam will be riprapped if necessary.

8. The location of wasteway with dimensions are as follows: Over the dam  
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: None like dam  
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 1.7 acres, with a maximum depth of water of 11 feet; and approximate mean depth of water 2.2 feet.

11. The estimated cost of the proposed work is \$                    

12. Construction work will begin on or before                     

13. Construction work will be completed on or before

STATE OF OREGON

County of Marion

This is to certify that I have examined the foregoing application, together with the accompanying maps and data and return the same for                     

It is hereby recommended that this application may be returned to the State Engineer, with a recommendation                     

By                     

Witness my hand and seal this                      day of                      19                    

STATE ENGINEER

By                     

ASSISTANT

Remarks: This reservoir is to be constructed under provisions of the Taylor Grazing Act of June 30, 1934 as amended. The right of storage of water as granted herein is subject to the installation and maintenance of an outlet pipe or to provide other means to evacuate the stored water when determined by the state Engineer to be necessary to satisfy prior downstream rights.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Mahogany Long Draw Reservoir and storage of water from an unnamed stream for livestock, and is subject to the installation and maintenance of an outlet pipe, or to provide other means to evacuate the stored water when determined by the State Engineer to be necessary to satisfy prior downstream rights.

The right hereunder shall be limited to the storage of 1.72 acre feet.

The priority date of this permit is August 8, 1961

Actual construction work shall begin on or before September 10, 1965 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1966

WITNESS my hand this 10th day of September, 1964

STATE ENGINEER

Application No. A **36656**

Reservoir Permit No. **K 4266**

**PERMIT**

To construct a reservoir and store for beneficial use the unappropriated waters of the State of Oregon.

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 8 day of August, 1961, at 8:00 o'clock 1 M.

Returned to applicant:
