STATE OF OREGON
SALEM, OREGON

Reservoir Permit No. 4342

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, The Bureau of Land Management
(Name of Applicant)

of Box 338, Vale
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Un-named Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Un-named

tributary of Owyhee

3. The amount of water to be stored is 1.6 acre feet.

4. The use to be made of the impounded water is stock water only
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 2
(Give sections or townships to be submerged)

Tp. 12 N. R. 12 E., W.M., in the county of Malheur

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and location of feed canal.

6. The dam is to be located in 12 E. Sec. 2
Smallest legal subdivision

Tp. 12 N. R. 12 E., W.M. The maximum height will be 15 feet above stream bed or ground

width at top will be 100 feet length on

feet width on top 100 feet slope on front

feet on back 100 height of dam above water line

(Set back from vertical)

State farm or other beneficial use. State farm or other beneficial use.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: A keyway will be dug and filled with the best impervious material taken from a pit in front of the reservoir. The dam will be built in layers not to exceed 6 inches and compacted with a cat and harrow. The dam will be riprapped if necessary.

8. The location of wasteway with dimensions are as follows: Spillway on right side of dam. (State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: None (See Remarks) (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 1.5 acres, with a maximum depth of water of 6 feet; and approximate mean depth of water 2 feet.

11. The estimated cost of the proposed work is \$ 1,000.00

12. Construction work will begin on or before 1/15/34

13. Construction work will be completed on or before 1/31/34

Donald E. Lyle
Acting District Engineer

APPROVED: [Signature]

I hereby certify that I have examined the foregoing application and find that the same is in accordance with the provisions of the law.
