

• Reservoir Permit No.

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, The Bureau of Land Management
Name of Applicant

of P.O. Box 318, Vale
Mailing Address

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is W. J. ...

2. The name of the stream from which the reservoir is to be filled and the appropriation made is unnamed

tributary of OWYHEE RIVER

3. The amount of water to be stored is ... acre feet.

4. The use to be made of the impounded water is ...
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 12
(Give sections or townships to be situated)

Tp. ... R. ... W.M., in the county of ...

(a) State whether situated in channel of running stream and give character of material at outlet

...

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions ...

6. The dam will be located in ... Sec. ...
(Smallest legal subdivision)

Tp. ... R. ... W.M. The maximum height will be ... feet above stream bed or ground surface on center line of dam. The length on top will be ... feet; length on bottom ... feet; width on top ... feet; slope on front or water side 3:1; slope on back 2:1; height of dam above water line when full ... feet.
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be obtained without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: *gravity structure with concrete walls and masonry piers*

8. The location of wasteway with dimensions are as follows: *located on right side of dam*

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: *gravity structure with masonry walls*
(All dams across natural stream channels must be provided with an outlet conduit of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be *100* acres, with a maximum depth of water of *10* feet, and approximate mean depth of water *2.10* feet.

- 11. The estimated cost of the proposed work is \$ *100,000*
- 12. Construction work will begin on or before *January 1, 1964*
- 13. Construction work will be completed on or before *December 31, 1964*

Robert J. Smith
State Engineer

STATE OF OREGON,
County of Marion.

I, *Robert J. Smith*, do hereby certify that I have examined the foregoing application, together with the accompanying plans and specifications, and return the same for *approval*.

In order to retain its priority, this application must be returned to the State Engineer, with acceptance on or before *April 27, 1964*.

WITNESS my hand this *27th* day of *March*, 1964.

By *Robert J. Smith* ASSISTANT

Remarks: This reservoir is to be used for the purpose of...
Taylor Grazing Act of June 30, 1936. The right herein granted is...
as granted here in is subject to the installation and maintenance of an outlet pipe or to provide other means to evacuate the stored water when determined by the State Engineer to be necessary to satisfy prior downstream rights.

STATE OF OREGON,
County of Marion.

This is to certify that I have examined the foregoing application and do hereby grant the same...
the following limitations and conditions: The right herein granted is limited to the construction of Black Jack Butte and storage of water from an unnamed stream for livestock and wildlife and is subject to the installation and maintenance of an outlet pipe or to provide other means to evacuate the stored water when determined by the State Engineer to be necessary to satisfy prior downstream rights.

The right hereunder shall be limited to the storage of 1.11 acres...
The priority date of this permit is February 21, 1964
Actual construction work shall begin on or before December 21, 1965 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1966

WITNESS my hand this 21st day of December, 1964

Charles L. Stahler
STATE ENGINEER

Asbestos No. A 5434
