

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Russell Elmer (Name of Applicant)

of Alicel, Oregon (Mailing Address)

State of Oregon do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Elmer's Reservoir No. 1

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

- Grande Ronde River (Old Channel)

tributary of ~~FRANKS CREEK~~ a tributary of the Snake River

3. The amount of water to be stored is 110.5 1.5 1.5 R.E. acre feet.

4. The use to be made of the impounded water is irrigation
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 30
(Give sections or townships to be subdivided)

Tp. 2 S., R. 40 East, W.M., in the county of Union

(a) State whether situated in channel of running stream and give character of material at outlet

Stream bypassed. No outlet. Water to be pumped out for irrigation purposes.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

Fill to be made through tube at high water time; thereafter, to be pumped from river channel.

6. The dam will be located in NB 1/4 NW 1/4, Sec. 30
(Smallest legal subdivision)

Tp. 2 S., R. 40 East, W.M. The maximum height will be 16 feet above stream bed or ground

surface on center line of dam. The length on top will be 150 feet; length on

bottom 50 feet; width on top 40 feet; slope on front

or water side 3 to 1; slope on back 3 to 1; height of dam above water line
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

when full h feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth Dam

8. The location of wasteway with dimensions are as follows: Wasteway was utilized in building dam.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: None
(All dams across natural stream channel must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 15.6 15 1/2 acres, with a maximum depth of water of 11 feet, and approximate mean depth of water 8 feet.

11. The estimated cost of the proposed work is \$ 6,000

12. Construction ~~work will begin in 1964~~ work was completed in 1952.

13. Construction work will be completed on or before

STATE OF OREGON, }
County of Marion. }

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for ~~completion~~ completion & correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before June 3, 1963

~~January 3, 1964~~
December 14, 64

WITNESS my hand this 2 day of April, 19 63

CHRIS L. CHEHLER

By Walter J. [Signature]
ASSISTANT

Remarks: The dams were completed in about 1952 to the best of my knowledge. Please advise if soil analysis is required and if "As built" plans are required, and the amount of time that can be allotted for me to submit them.

In 1962 I applied for a water right covering the ground surrounding this river loop called herein Elmer's Loop #1 and also surrounding the other river loop called Elmer's Loop #2 which is included in the enclosed reservoir applications. If my permit has not been issued, please return this application for Water Right for amendment. If this permit has been issued, can it still be amended to show the appropriation from the Reservoirs as well as from Grande Ronde River (old channel).

STATE OF OREGON,)
County of Marion,) ss.

This is to certify that I have examined the foregoing application and do hereby grant the same subject to the following limitations and conditions: The right herein granted is limited to the construction of Elmers Reservoir No. 1 and storage of water from Grande Ronde River to be appropriated under application No. 38495, permit No. 30036 for irrigation, and the dam shall be constructed under the supervision of a registered professional engineer.

The right hereunder shall be limited to the storage of 123.0 acre feet.

The priority date of this permit is August 17, 1964

Actual construction work shall begin on or before February 18, 1966 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1966

WITNESS my hand this 18th day of February 1965

Robert Wheeler
STATE ENGINEER
