

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, **Russell Elmer** (Name of Applicant)

of **Alicel, Oregon** (Mailing Address)

State of **Oregon**, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation.

1. The name of the proposed reservoir is **Elmer's Reservoir No. 2**

2. The name of the stream from which the reservoir is to be filled and the appropriation made is **- Granite Ronde River (Old Channel)**

tributary of ~~Granite Ronde River~~, a tributary of the Snake River

3. The amount of water to be stored is **867 1/2 acre feet**

4. The use to be made of the impounded water is **irrigation** (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. **30** (Give sections or townships to be submerged)
Tp. **2 S.**, R. **10 East**, W.M., in the county of **Union**

(a) State whether situated in channel of running stream and give character of material at outlet
Stream bypassed. No outlet. Water to be pumped out for irrigation purposes.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions **Fill to be made through tube at high water time; thereafter, to be pumped from river channel.**

6. The dams will be located in **SW 1/4 NE 1/4 and the SE 1/4 NE 1/4** (Smallest legal subdivision), Sec. **30**
Tp. **2 S.**, R. **10 East**, W.M. The maximum height will be **16** feet above stream bed or ground surface on center line of dam. The length on top will be **150** feet; length on bottom **50** feet; width on top **40** feet; slope on front or water side **3 to 1** (Feet horizontal to 1 vertical); slope on back **3 to 1** (Feet horizontal to 1 vertical); height of dam above water line when full **4** feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth Dam

8. The location of wasteway with dimensions are as follows: Wasteway was utilized in building dam.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: None

10. The area submerged by the proposed reservoir, when full, will be 916 2.5 NE acres, with a maximum depth of water of 11 feet and approximate mean depth of water 8 RE feet.

11. The estimated cost of the proposed work is \$ 7,000.00

12. Construction work ~~will begin on or before~~ was completed around 1955.

13. Construction work will be completed on or before

STATE OF OREGON, County of Marion

This is to certify that I have examined the foregoing application, together with the accompanying plans and specifications, and find same for completion & correction

In order to retain its priority, this application must be returned to the State Engineer, with copies of the same before

June 3, 1963, or before December 14, 64

WITNESS my hand this 2 day of April 1963, 4 14th October 64

CHRIS L. WHEELER

By Walter Young ASSISTANT

Remarks: The dams were completed in about 1955 to the best of my knowledge. Please advise if soil analysis is required and if "As built" plans are required, and the amount of time that can be allotted for me to submit them.

In 1962 I applied for a water right covering the ground surrounding this river loop called herein Elmer's Loop #2 and also surrounding the other river loop called Elmer's Loop #1 which is included in the enclosed reservoir application. If my permit has not been issued, please return this application for /Water Right for amendment. If this permit has been issued, can it still be amended ~~xx~~ to show the appropriation from the Reservoirs as well as from Grande Ronde River (Old Channel).

STATE OF OREGON.

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same subject to the following limitations and conditions: The right herein granted is limited to the construction of Elmers Reservoir No. 2 and storage of water from Grande Ronde River to be appropriated under application No. 38495, permit No. 30036, for irrigation, and the dam shall be constructed under the supervision of a registered professional engineer.

The right hereunder shall be limited to the storage of 91.0 acre feet.

The priority date of this permit is August 17, 1964

Actual construction work shall begin on or before February 18, 1966 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1966.

WITNESS my hand this 18th day of February, 1965.

Chas. J. ...
STATE ENGINEER
