* Reservoir Permit No. **E 4763**

CERTIFICATE NO. 41098

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Roy O. Stewart and Annabelle V. Stewart
(Name of Applicant)

of Route 6, Box 130, Lakeview,
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is unnamed.

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Slough from Juanta Ditch

tributary of Thomas Creek

3. The amount of water to be stored is 3.55 acre feet.

4. The use to be made of the impounded water is irrigation
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 25
(Give sections or townships to be submerged)

Tp. 38 S., R. 19 E., W.M., in the county of Lake

(a) State whether situated in channel of running stream and give character of material at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions Filled through unnamed ditch 1000 feet in length diverted from Slough from Juanta Creek 80 feet West and 740 feet South of the NW corner of NW 1/4 SE 1/4 of Section 25, T. 38 S., R. 19 E. W.M.

6. The dam will be located in see Remarks, Sec. _____,
(Smallest legal subdivision)

Tp. _____, R. _____, W.M. The maximum height will be _____ feet above stream bed or ground surface on center line of dam. The length on top will be _____ feet; length on bottom _____ feet; width on top _____ feet; slope on front or water side _____; slope on back _____; height of dam above water line when full _____ feet.
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Material is gravelly earth.

8. The location of wasteway with dimensions are as follows: Water will be pumped
(State whether over or around the dam)
out of pond reservoir, so no wasteway as such

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: None as such
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 7 acres, with a maximum depth of water of 6 feet; and approximate mean depth of water 5 feet.

11. The estimated cost of the proposed work is \$ 1,000.00

12. Construction work will begin on or before October 1, 1966

13. Construction work will be completed on or before December 1, 1966

By Terry W. Gibson ASSISTANT

Remarks: The reservoir will be a pond dug into the earth. Therefore, there is no dam. The water will be pumped out of the pond by moveable pumps. Therefore, this is no set diversion point except for sprinkler system water which will be diverted at a point approximately 1,000 feet West and 650 feet South of the Northwest corner of the NW 1/4 SE 1/4 of Section 25, T. 38 S., R. 19 E. W. M. The dimensions of the reservoir pond is approximately 100 feet by 300 feet.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from a slough to be appropriated under application No. 42680, permit No. 31343 for irrigation

The right hereunder shall be limited to the storage of 3.55 acre feet.

The priority date of this permit is August 22, 1966

Actual construction work shall begin on or before October 25, 1967 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1968.

WITNESS my hand this 25th day of October, 1966.
