* Reservoir Permit No. **R 4772**

CERTIFICATE NO. **37265**

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Kenneth E. Rieke (Name of Applicant)

of 630 W. Luellen, Roseburg (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

Stoffell Creek

tributary of South Umpqua River

3. The amount of water to be stored is 1.1 acre feet.

4. The use to be made of the impounded water is irrigation
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 18
(Give sections or townships to be submerged)

Tp. 27, R. 6, W.M., in the county of Douglas

(a) State whether situated in channel of running stream and give character of material at outlet

Not situated in channel of running stream

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

it will be filled by a 2" pipeline which will be 100 feet in length from the channel to the pond.

6. The dam will be located in SW 1/4 Sec 18 (Smallest legal subdivision), Sec. 18

Tp. 27S, R. 6W, W.M. The maximum height will be 3 feet above stream bed or ground surface on center line of dam. The length on top will be 6 feet; length on bottom 6 feet; width on top 1 feet; slope on front or water side vertical; slope on back vertical; height of dam above water line when full no feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: A rectangular concrete spillway will be placed

across the stream. This will raise the water level enough to allow the water to flow into his resevoir.

8. The location of wasteway with dimensions are as follows: Stream will

(State whether over or around the dam)

not be diverted. Spillway will be constructed on the spot.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: The outlet will be an opening in the spillway to allow

(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the

passage of the stream if needed. The resevoir is away from the normal flow of the stream at any time)

spillway. It does not have an outlet.

10. The area submerged by the proposed reservoir, when full, will be 11 acres, with a maximum depth of water of 10 feet; and approximate mean depth of water 10 feet.

11. The estimated cost of the proposed work is \$ 1500.00

12. Construction work will begin on or before Completed

13. Construction work will be completed on or before Completed

X Kenneth Burke (Signature of applicant)

STATE OF OREGON, } ss. County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion and correction

In order to retain its priority, this application must be returned to the State Engineër, with corrections on or before May 2, 19 66.

WITNESS my hand this 1st day of March, 19 66.

RECEIVED CHRIS L. WHEELER STATE ENGINEER MAR 21 1966 STATE ENGINEER ASSISTANT [Signature]

Remarks:

STATE OF OREGON, }
County of Marion, } ss.

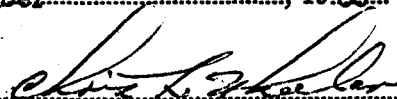

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from Stoffell Creek to be appropriated under application No. 41898, permit No. 31367 for irrigation

The right hereunder shall be limited to the storage of 1.1 acre feet.

The priority date of this permit is February 18, 1966

Actual construction work shall begin on or before December 16, 1967 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1968.

WITNESS my hand this 16th day of December , 1966

STATE ENGINEER
