

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, FOREST GROVE LUMBER CO.
(Name of Applicant)

of P.O. Box 386, Forest Grove, Oregon 97116
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation
August 1, 1957, Forest Grove, Oregon

1. The name of the proposed reservoir is an existing log pond for the storage and maneuvering of logs for an existing sawmill

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Gales Creek, a tributary of Tualatin River
tributary of Tualatin River

3. The amount of water to be stored is 25.70 acre feet.

4. The use to be made of the impounded water is for maneuvering and storing logs
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 6
(Give sections or townships to be submerged)
Tp. 1S, R. 3W, W.M., in the county of Washington

(a) State whether situated in channel of running stream and give character of material at outlet
Not situated in channel of stream; water pumped from stream to log pond.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions
Pumped by electric water pump capable of delivering up to 2 cu ft per sec.

The dike around log pond
6. The dam will be located in SE 1/4 SW 1/4, Sec. 6
(Smallest legal subdivision)

Tp. 1S, R. 3W, W.M. The maximum height will be 6 feet above stream bed or ground
Log pond is a partial excavation
surface on center line of dam. The length on top will be 1500! around feet; length on bottom same feet; width on top 12 feet; slope on front or water side ; slope on back ; height of dam above water line
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)
when full 2 feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Pit run rock- earth binder

8. The location of wasteway with dimensions are as follows: _____
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Concrete spillway with 12' wooden gate- primary purpose
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)
to relieve overflow (flooding) of Gales Creek into log pond.

10. The area submerged by the proposed reservoir, when full, will be 5.22 acres, with a maximum depth of water of 7.5 feet; and approximate mean depth of water 4.93 feet.

11. The estimated cost of the proposed work is \$ _____

12. Construction work will begin on or before _____

13. Construction work will be completed on or before Completed years ago

Forest Grove Lumber Co.

ASSISTANT

Remarks: This application for storage is intended to supplement WATER RIGHTS under Permit No. 9404, granted and confirmed November 27, 1929 and recorded in the State Record of Water Right Certificates, Volume 9 Page 9727. The log pond to which this application relates was constructed sometime prior to the above Water Right date. By virtue of prior construction some of the questions in this application are non-applicable and we have obviously left them blank. The Log Pond is a combination excavation and earthen dike container capable of holding approximately 20acre ft. of water. The spillway of pond is concrete with wooden gate approx. 12' across. Except for flooding stages of Gales Creek there is practically no water released from pond. No use of water in mill.

STATE OF OREGON, }
 County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from Gales Creek for a log pond

The right hereunder shall be limited to the storage of 25.74 acre feet.

December 12, 1967 for 20.0 af

The priority date of this permit is February 16, 1968 for 5.74 af

Actual construction work shall begin on or before June 7, 1969 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1970.

WITNESS my hand this 7th day of June, 1968.
