

Application for a Permit to Construct a Reservoir and to
Store for Beneficial Use the Unappropriated
Waters of the State of Oregon

I, Consolidated Pipeline Co., Inc.
(Name of Applicant)
of 2275 Webster Road, Grants Pass
(Mailing Address)

State of Oregon, do hereby make application for a permit to construct the
following described reservoir and to store the unappropriated waters of the State of Oregon, subject to
existing rights.

If the applicant is a corporation, give date and place of incorporation February 8,
1962 at Grants Pass, Oregon

1. The name of the proposed reservoir is Village Pond

2. The name of the stream from which the reservoir is to be filled and the appropriation made is
unnamed drainage way
tributary of —

3. The amount of water to be stored is 16 acre feet.

4. The use to be made of the impounded water is Irrigation
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 24
(Give sections or townships to be submerged)
Tp. 36S, R. 6W, W.M., in the county of Josephine

(a) State whether situated in channel of running stream and give character of material at outlet
Not Applicable

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give
name and dimensions Irrigation waste water

~~Not applicable - see remarks~~
6. The dam will be located in ~~2013~~ 1213, Sec. ~~24~~ 24,
(Smallest legal subdivision)
Tp. ~~36S~~ 36S, R. ~~6W~~ 6W, W.M. The maximum height will be 9 feet above stream bed or ground
surface on center line of dam. The length on top will be 400 feet; length on
bottom 200 feet; width on top 8 feet; slope on front
or water side 3:1; slope on back 2:1; height of dam above water line
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)
when full 0 feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured
without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: ~~compacted rock and dirt dike~~ not applicable - reservoir is excavated

8. The location of wasteway with dimensions are as follows: Not applicable
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: ~~located at center of dam of non-corrosive pipe 8" in diameter~~ excavated reservoir
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 2.5 acres, with a maximum depth of water of 10 feet; and approximate mean depth of water 6.4 feet.

11. The estimated cost of the proposed work is \$ 3500⁰⁰

12. Construction work will begin on or before June 1, 1966

13. Construction work will be completed on or before June 1, 1968

STATE OF OREGON,

ss.

County of Marion,

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for Corrections

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before December 30th, 1968

WITNESS my hand this 28th day of October, 1968

RECEIVED
NOV 6 1968
STATE ENGINEER
SAILM OREGON

CHRIS L. WHEELER

STATE ENGINEER

ASSISTANT

Remarks: As illustrated in accompanying drawings, we propose to excavate a reservoir and maintain water in this reservoir at the 898' contour elevation. The reservoir will be located in low ground unsuitable for other purposes. As may be noted a dam would serve no purpose in containing the reservoir as the water will not be at an elevation higher than the base of the proposed dike. The purpose of the dike is to exclude flood waters from the Rogue River drain entering the draw and thus prevent flooding of our property. The drainage area which supplies the reservoir is sufficient to maintain the reservoir level. Use of the reservoir water for sprinkle irrigation would not effect any adjacent property owners as overflow from the reservoir flows directly into the Rogue River.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Village Pond Reservoir and storage of water from an unnamed drainageway to be appropriated under application No. 45420, permit No. 33905 for irrigation

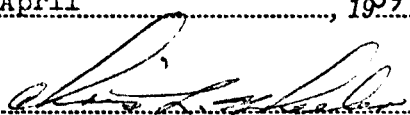

The right hereunder shall be limited to the storage of 16.0 acre feet.

The priority date of this permit is October 11, 1968

Actual construction work shall begin on or before April 9, 1970 and

shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1971

WITNESS my hand this 9th day of April, 1969

STATE ENGINEER

Application No. R-45466
Reservoir Permit No. R 5374

PERMIT

To construct a reservoir and store for beneficial use the unappropriated waters of the State of Oregon.

This instrument was first received in the office of the State Engineer at Salem, Oregon, on the 11th day of October, 1968, at 8:00 o'clock A M.
