Remarks: Fanno Creek has been a source of continuous serious flooding conditions, causing extensive property damage to residences and property in the area. These property owners have now formed the Fanno Creek Association, properly recorded, to help protect their properties, to enhance the values thereof. Construction of the dam which includes clearing the channel is a definite control measure. Prompt issuance of a permit is very desirable and would be appreciated.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of one reservoir and the storage of water from Fanno Creek to be appropriated under application No. 46954, permit No. 35114, for recreational and esthetic purposes.

The right hereunder shall be limited to the storage of 1.2 acre feet.

The priority date of this permit is May 6, 1970

Actual construction work shall begin on or before April 26, 1972 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1972.

WITNESS my hand this 26th day of April, 1971.
