* Reservoir Permit No. **R 5859**

CERTIFICATE NO. 45686

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, G. RANT E. STURM
(Name of Applicant)

of RT 1 Box 409 Boring ORE. 97009
(Mailing Address)

State of OREGON, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation none

1. The name of the proposed reservoir is none

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

unnamed stream
tributary of Johson Creek

3. The amount of water to be stored is less than 0.8 acre feet.

4. The use to be made of the impounded water is 0.4 domestic use - 0.4 ac. ft. for fish culture
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 22
(Give sections or townships to be submerged)

Tp. 1 South, R. 4 East, W.M., in the county of Mult

(a) State whether situated in channel of running stream and give character of material at outlet

In channel of running stream, material is clay (soil grass)

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in SE 1/4 of SW 1/4 Sec. 22
(Smallest legal subdivision)

Tp. 1 South, R. 4 East, W.M. The maximum height will be 7 feet above stream bed or ground

surface on center line of dam. The length on top will be 20' feet; length on

bottom _____ feet; width on top _____ feet; slope on front

or water side 3:1; slope on back 2:1; height of dam above water line

(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

when full 3' feet.

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

1 200

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: dam is of all cement

8. The location of wasteway with dimensions are as follows: over dam
(State whether over or around the dam)
with 24" culvert at no time since I have owned this property has the culvert failed to carry all water away easy.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 24" culvert at bottom of dam all cement
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)
in and sealed

10. The area submerged by the proposed reservoir, when full, will be that over the 2nd acres,
with a maximum depth of water of 7' feet; and approximate mean depth of water 4 1/2 feet.

11. The estimated cost of the proposed work is \$.....

12. Construction work will begin on or before was built prior to my ownership

13. Construction work will be completed on or before is done about 1947 or near of could find out
