

# Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Donald L. Cutler  
(Name of Applicant)

of 3315 Fisher Rd., N.E., Salem  
(Mailing address) (City)

State of Oregon, (Zip Code), do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is reservoir and 6 beautification ponds

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Unnamed Stream

tributary of Little North Santiam

3. The amount of water to be stored is 8.3 a.f. in reservoir & 19.2 a.f. in six ponds  
acre feet.

4. The use to be made of the impounded water is 8.3 a.f. irrigation & 19.2 a.f. aesthetics  
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 11 and 10  
(Give sections or townships to be submerged)

Tp. 9 S., R. 3 E., W.M., in the county of Marion

(a) State whether situated in channel of running stream and give character of material at outlet  
Reservoir in stream channel; ponds in relocated channels of two unnamed streams  
by excavation

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in NW 1/4 SW 1/4, Sec. 11  
(Smallest legal subdivision)

Tp. 9 S, R. 3 E, W.M. The maximum height will be 15 feet above stream bed or ground surface on center line of dam. The length on top will be 200 feet; length on bottom 100 feet; width on top 20 feet; slope on front or water side 3:1; slope on back 2:1; height of dam above water line when full 2.1 feet.  
(Feet horizontal to 1 vertical) (Feet horizontal to 1 vertical)

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth fill placed and compacted with rubber tired scrapers

8. The location of wasteway with dimensions are as follows: 60" steel pipe through center of dam (State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: as above (All dams across natural stream channels must be provided with an outlet conduit, of such capacity and location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be 0.9 acres, with a maximum depth of water of 11 feet; and approximate mean depth of water 9 1/2 feet.

11. The estimated cost of the proposed work is \$10,000

12. Construction work will begin on or before Completed

13. Construction work will be completed on or before Completed

STATE OF OREGON, County of Marion, ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before, 19

WITNESS my hand this day of, 19

STATE ENGINEER

By ASSISTANT

Remarks: .....

This project has been completed for some time. The reservoir was enlarged several years ago and the ponds were completed later by excavating land for building up the greens and trees and filled by relocating the stream channels through the area slightly. The reservoir provided temporary storage for a buried system that will operate automatically and the ponds for beautification. Plans for enlarging the reservoir were prepared by Clark and Groff and approved by the State Engineer under an earlier permit that was canceled.

STATE OF OREGON, }  
County of Marion, } ss.

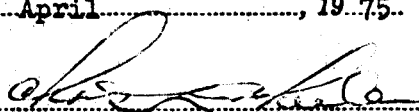

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and 6 ponds and storage of water from three unnamed streams to be appropriated under application No. 32805, Permit No. 37778, for irrigation and aesthetic use being 8.3 a.f. in reservoir from middle stream, 2.4 a.f. in pond 1, 8.0 a.f. in pond 2 and 1.2 a.f. in pond 3 from east stream and 2.8 a.f. in pond 4, 1.2 a.f. in pond 5 and 3.6 a.f. in pond 6 from west stream.

The right hereunder shall be limited to the storage of 27.5 acre feet

The priority date of this permit is February 26, 1975

Actual construction work shall begin on or before April 10, 1976 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1976.

WITNESS my hand this 10th day of April, 1975.
